

Aldermen Approve \$6,154 Allotment For Health Budget

Many Requests Heard for Appropriations at Bi-Monthly Meeting

Passage of a \$6,154 health budget was the only action taken Monday night by Goldsboro's Aldermen although numerous requests for appropriations were made.

The Aldermen passed over a request from the Board of Health, presented by Dr. Donnell Cobb, for the return of \$1,000 cut from last year's budget.

Other requests, all of which were taken under advisement, included one from Frank Taylor, W. L. Rawlings and Charles Stapleton, who asked for \$2,100 for the Wayne Memorial Community Building; Judge D. H. Bland, who requested \$500 to replace the furnace at the Goldsboro library; Mrs. Paul Magill, who asked for an increase in the NYA clothing project appropriation; the Salvation Army, asking for \$300; the Goldsboro Chamber of Commerce asking for \$500, and \$500 for the colored community building.

A request that the city continue the 600 candlepower lights, which have been on trial, was made by Mrs. H. Reynolds, of Raleigh, appearing for the Carolina Power and Light Company. The bulbs cost \$33.13 per month, as compared to the \$525.98 for the 400-candlepower bulbs used previously.

A plan of "steps to a well-lighted town" also was presented by Reynolds. Carried over a period of years, it would give Goldsboro an adequate lighting system and would boost the per capita cost from the present 78 cents to \$1. The national average, he said, is \$1.20.

A beer license was reissued to J. E. Daniels. A protest of the "high rates" which taxi operators have to pay for liability insurance was made by Herman Savage, an operator. The aldermen previously decreed that taxicabs must have such insurance by last Monday or "close up." City Manager Hollowell reported that seven cabs have taken out the insurance.

Attorney W. A. Dees, speaking for the Board of Directors of the State Hospital for the Colored Insane, invited the Aldermen to attend the dedication exercises and barbecue dinner on July 11 when Governor-elect J. Melville Broughton and Governor Hrey will speak.

Mayor Hill served plums as refreshments to the Board, for which a rising vote of thanks was made. Fire Chief Cohn reported to the Aldermen that the department had responded to 14 alarms during June, with total damage estimated at \$1,200.

Farmer Succumbs At Milling Company

West, a farmer, had brought a load of corn and was awaiting his turn to have it shelled. He drank a quantity of ice water and died a few minutes later. He was quite a large man, though short in stature, and weighed 286 pounds.

Funeral services were conducted at the home in the northeastern part of Wayne county Wednesday afternoon and interment was in the family cemetery. The widow survives.

LOCAL NETMEN LOSE

Greenville racquetiers took revenge on the Goldsboro netmen on Wednesday afternoon in Greenville and gave the home team a 4-3 beating. The Goldsboro netmen upheld the honor of the team, however, by taking their match from the Greenville lassies, 3-0.

John Allen Farfour repeated his performance of the first match with Greenville and defeated Greenville's Leon Burkes, 6-3, 7-5. Burke ranking star for the Greenville netters lost his game the hard way and made Farfour work for his victory.

Lionel Weil, Jr., also ditted his match with former Goldsboro All-Star Donald Brock and won a 8-4, 7-5 decision.

Greenville's Leo Meadows turned the tables on Ed Mann who took the match from him in the June 25 match and walloped Mann for three straight sets, 6-2, 6-3, 6-4.

George Lautares, playing No. 4 singles for Greenville, upset Jimmy Glenn, who defeated Norman Warren, 6-2, 5-7, 4-6, and Jimmy Thornton went down before Norman Warren, 6-2, 4-6, 6-2 in the No. 5 singles. County Rulers O. K. Funds Authorized in Temporary Budget

Old Age Assistance Quota Raised to Care for 50 More Persons

Routine business occupied the time of the Wayne County Commissioners in their regular monthly meeting on Monday.

A resolution was passed appropriating the funds called for in the tentative budget passed on June 10. They involve \$130,752.50 for county debt service; \$70,720.74 for school debt service; \$47,784 for current expenses of the Wayne county school \$92,523.66 for current expense and debt service of the Goldsboro graded schools \$9,819.42 for Fremont's graded school debt service and current expenses, and \$180,000 in the county general fund.

The old aged assistance budget was increased \$1,845 to match state and federal funds approved by the State Board of Allotments and Appeals for 50 more cases, bringing the total to 550. The increase was made at the request of Col. E. H. Bain.

The report of Tax Collector A. G. Pelt showed the collection of \$9,328.56 in 1939 taxes during June and \$9,791.30 in delinquent taxes last month. The 1939 June collections totaled \$26,832.35, or \$7,712.50 more than the total June collections this year. Collection of real estate, personal property tax and schedule B licenses during June totaled \$3,635.45.

R. H. Sutton, superintendent of the county home, reported that the home was tenanted by 24 white persons, 16 colored and eight prisoners.

N. C. Warns Against Riding on Outside Of Cars and Trucks

Three fatal accidents in North Carolina last month called attention to the danger of riding on the back of a truck, Ronald Hecutt, Director of the Highway Safety Division, reported this week.

Accident records for June show that a 33-year-old woman, a 36-year-old man and a 15-year-old boy were killed during the month as a result of falling off or being thrown out of trucks on the rear of which they were riding.

"Riding on the back end of trucks and on the running boards of passenger vehicles is a practice which should be discouraged by every driver in North Carolina," said Ronald Hecutt, Director of the Safety Division.

"The danger of someone falling off or being thrown off a moving vehicle if they are riding on the running board or outside the cab when the vehicle strikes a hard bump or swerves unexpectedly is obvious," he added, "and the most effective means of combating this highly dangerous practice is for every motor vehicle driver to refuse to carry any passengers for whom they cannot find a seat inside.

"Drivers who permit passengers to ride on the outside of their cars or trucks are at least morally responsible if persons so riding should suffer some mishap."

Brothers Rescue Sisters Drowning At Woodland Lake

Two girls, sisters, were saved from drowning at Woodland Lake, six miles south of Goldsboro, on Sunday afternoon by Wilton Hollowell, life guard at the lake, and his brother, Earl Hollowell, Guilford College student at home for vacation.

Hearing a call for help, Wilton dove into deep water and pulled out one of the girls. Suddenly Earl, who was sitting on a bench fully clothed, saw a hand clutching at the air above the water near the spot where the other girl had been rescued. Not stopping to remove any of his clothing, he plunged into the lake and with aid of his brother brought out the second girl.

Artificial respiration was used and the two girls, about 15 and 17 years of age, responded promptly and soon after were but little worse from their experience. Their names were not learned.

What Telephone Dollars Do For Dixie... First in your mind, perhaps, the telephone industry's principal contribution to the South is quick, dependable communication. But Southern Bell is also important as a citizen, as an employer of people, as a payer of taxes, as a purchaser of materials. In 1939 alone, operating expenses amounted to approximately fifty-five million dollars, not including additional millions used for new construction. To build, operate and maintain this system requires more than twenty-one thousand skilled workers whose annual payroll is approximately thirty million dollars. These telephone men and women contribute to the business and social welfare of their communities, and of the South. They and their families compose a group of perhaps eighty thousand people who are dependent on this business for their livelihood. As a tax-payer, the Southern Bell does much toward the support of the local, state and national governments. Total taxes last year exceeded nine and three-quarters million dollars, nearly twenty-seven thousand dollars a day. The Southern Bell Company is a Southern industry in the fullest sense and its activities form a substantial contribution to the growth and prosperity of the South. JOHN ROBERTS, Manager
