sion

Would Co-Operate In 'Frisco Exhibit. There was a protracted conference recently l-ctween the members of the North Carolina Commission on rep-resentation for this state at the Pansma-Pacific Exposition next year, mem-bers of the State Board of Agriculture and representatives of the leading railroads operating in the state, the special purpose of the conference being to agree on some concerted action as to the representation that the state shall have at the great exposition

There was a great deal of discusion of the whole situation that finally de veloped into the adoption of a resolution offered by Commission T. S. Powell of Asheville, that the states of Alabama, South Carolina, Virginia and Georgia be visited by represent atives of the North Carolina Commis sion especially for the purpose of interesting them in some plan of cooperation, especially through bringing about a grouping of the states men tioned in their exhibits in agricultural

commission decided to set The about at once stirring up public sentiment for a complete representation of the state and the raising of funds for the purpose. To this end a man especially fitted for the work is to be put in the field at once to go throughout the sate working up the sentiment and securing pledges of financial sup-Later, with the resources all marshalled for the exhibits, the com mission will bring pressure to bear in the next session of the Legislature to make some creditable appropriation

for the exposition exhibits. There is also a plan to have co operation as to exhibits by the railroad companies, this to extend to the Southeastern states and the railroads operating in this group. Florida will not be asked to co-operate for the reason that she already has arranged for a full-fiedged state building of her own.

Gen. J. S. Carr of Durham presided as chairman. There was a very full meeting of the members of the com-Interest and enthusiasm for mission a creditable representation was great It was decided to send Alf Thompson of Raleigh to Virginia, Leonard Tufts to Alabama, J. A. Brown to South Carolina and T. S. Powell to Georgia to take up with the administrations of these states the question of co-operating in the installation of exhibits at the exposition.

#### Farmers Moving to This State. For the past several days three and four letters a day have been coming

to the state department of agriculture from farmers in all parts of the United States informing the Commissioner of agriculture that they are making their perparations for moving into North Carolina this fall. Some write that they are preparing to settle on the black drained lands of the eastern sec tion of the state and others are com ing into the Piedmont section.

Big Company is Issued. A charter was issued for the Pal-meto Island Company, Southport, capita \$1,000,000 authorized, and \$46,000 subscribed fo rdeveloping state develribed fo rdeveloping real estate opment and building generally. The principal incorporators are F. T. Boyd A. Lackey of Hamlet, W. H. Pike of Southport and quite a number of others of Hamlet, Southport, Rock-in ham and other points.

Gees to Mattamuskeet. Col. J. P. Kerr, private secretary of Governor Craig, has gone to Matta-muskest Lake, Hyde County, for the purpose of attending a meeting of the missioners for the drainage of the lake bed and immense body of sur-rounding swamp lands. There is understood to be very general satisfac tion on the part of those having the work in hand at the progress made and the results being obtained.

Raleigh Makes Up Budget. has just ande up its budget of expenses for The next year, the sum total being \$165,412 as compared with \$165,657 that year. An entirely new item of \$2,500 in the new budget is for the maintenance of playgounds for the children of the city. and

# STATE ITEMS OF INTEREST TO ALL NORTH

CAROLINA PEOPLE. Charlotte Firemen Killed.

Chief J. H. Wallace of the Charlotte fire department and Capt. W. B. Glenn of the No. 2 station were killed about 9 o'clock in the morning and three other firemen, Messrs. R. T. Barnes. J. R. Erwin and C. W. Todd were more or less seriously injured as the result of the explosion of a quantity of blasting powder that had been stored in a barn belonging to Mr. John B. Hawkins, a railroad contractor in the rear of his home on South Cedar street. The barn had caught fire and the department had been summoned to extinguish the flames. Never having been appraised of the presence of the explosives and fearing no danger. Wallace, Captain Gleun and Chief Firemen Barnes Erwin. Todd and several others had just laid a line of hose and had rushed through a double fence for the purpose of reaching the seat of fire. The hose was not quite long enough and Chief Wallace had called for a little "slack." Ser. eral of the men turned to drag up the line and this accounts for their es-

The next moment the explo-occurred. Captain Glenn was killed instantaneously and Chief Wal-lace was felled in his tracks and so also were Firemen Barnes, Erwin and Kentucky Lands Mrs. McKimmon. Mrs. Jane McKimmon, whom both the state and the United States departments of agriculture are claiming has been lecturing in Kentucky on tomato canning and the papers of Lexington have been giving her liberal write-ups. The bottled and canned goods that made Kentucky famous were not tomatoes. That state has were not tomatoes. That state one doted upon other products, among them being its fine horses and finer women. But the Lexington press takes time to glorify Mrs. McKim-

mon's work and to say a word about the charming woman who makes it so attractive. Two very flattering stories of Mrs. McKimmon's work appeared in the Lexington papers. One of these dealt with the technic, so to speak, the other tells in running way how the North Carolina genius has impressed the meeting of Kentucky agents who are attending the demon stration work out there.

#### Revenue Increased.

With the closing of the fiscal year of the internal revenue department the books of the local deputy collector showed a gain in business the preceding year of \$734,803.53, the stamp sales for the year amounting to \$5,866,443.83. This is by far the largest business in tobacco stamps done by the local revenue office during any year of its existence. The sec ond largest year's business was that of the year 1912-1913, when the sales amounted to \$5,131,640.30. The total number of pounds of tobacco manufactured in the Twin City during the last fiscal year is 73,330,548 6-8, as against 64,145,603 6-8 pounds for the

previous year.

#### NORTH CAROLINA BRIEFS.

An order issued by Adjutant Genaral Young disbands the division of naval reserves at Plymouth, designated as fourth division for failure to measure up to the required standards of efficiency. At the same time the adjutant general accepts a new division to take the place of the Plymouth organization, this being a company to be organized at Belhaven. Senator Overman, ranking member of the appropriations committee, placed the following apropriations in the sundry civil bill: For a quarantine wharf at Wilmington, \$25,000; repairs on fish hatcheries at Morehead City and Edenton, \$5,000 and \$3,500, re-spectively; for rebuilding and repairing life-saving stations on the North Carolina coast, \$20,000. After having been in office a little over 14 months, Commissioner of Internal Revenue Osborn upon entering the fiscal year showed that he had collected more money for the government at less expense than ever be fore in history. An Old Fort delegation, composed of J. of J. C. Greens, H. A. Westermann, J. K. Cowan, J. H. Turner and D. W. Adams appeared before Governot Craig recently to urge that he use his influence to have the commissioners of McDowell county build the road from Old Fort west to the top of the mountain, rather than east to Green-Washington .- The following post masters were appointed recently: Al-len, Thomas W. Allen; Balsam, Sarah K. Bryson; Nat Moore, Mary E. Squires; Tabor, William C. Graham; DOAN'S Wolf Mountain, Olivia E. Galloway. Rural life week at Chapel Hill had a strong series of meetings to close its program. Dr. Liberty Hyde Balley director of the agricultural dapa ment of Cornell University, h charge of the last four meetings. Balley has been the picheer of a
