**Forestry Aid**  
(CONT'D FROM FIRST PAGE)  
Of the shrubs, the one which will be most effective in holding the soil is the Japanese honeysuckle (*Lonicera japonica*). This shrub is commonly used by railroads for holding embankments. It forms a regular mat and prevents the soil from erosion but, like most of the shrubs, it has no economic value and it spreads to the fields it is likely to become a pest because of the difficulty with which it can be eradicated. Mr. Holmes, who is intimately acquainted with the local conditions in North Carolina, may possibly suggest to Mr. McGinniss some other species and shrubs for planting in the section to which he refers.

Very truly yours  
(Signed) J. S. Graves,  
Forester.

In response to Mr. Graves request Mr. Holmes came last week and viewed the situation. He stated that he thought Bermuda grass planted for turf and pasture with pine trees as heavy growth would be good but would not make any recommendations until he returned to the department. He will issue a bulletin at an early date and will supply the drainage people with copies.

**Editors Know**

A good many editors are said not to know much, says an exchange. The trouble is, they know a lot of stuff that they dare not tell. They know who drinks and they know the ladies who deviate from the straight and narrow path of rectitude, and the boys who smoke in alleys and dark places, and the girls who are out auto riding till the roosters crow for daylight. They know the fellows that don't pay and they know the fellow who can't be trusted for a tobacco sack full of salt. They could guess at once why some fellows are as they are and they can guess closely what they do to make themselves so. They know enough to make one of the red-hottest, rip snorting, high-gear, triple action, chainlightning edition you ever read, but they also know it is best for the community and themselves to let the law take care of humanity's development and publish only such news as will do to read in the house. Editors generally pursue this policy and thereby live longer and get more enjoyment out of life—Publishers' Auxiliary.

**MORE'N THAT**  
Yes they know all that and then more. They know whose boys tramp the streets and smoke and drink and curse when the ought to be asleep. They know whose girls appear on the street appealing to the fig leaf, and those who frequent public squares and flirt with the men. Yes and they know who of the "pretend-to-be-progressive-citizen" step right in and try to block every move for good. Yes sir, man, and they know who needs a good "cussing" and don't get it, not profane epithets but on the order of the fig tree in the parable. Yes the editors are about the "knowingest" people in the world and they know too to keep their mouth shut if they would save their scalp.

"It don't take more'n a gill uv effort to git folks into a peck of trouble" and a little neglect of constipation, biliousness, indigestion or other liver derangement will do the same. **What We Never Forget**  
according to science, are the things associated with our early home life, such as Bucklen's Arnica Salve, that mother or grandmother used to cure our burns, boils, scalds, sores, skin eruptions, cuts, sprains, or bruises. Forty years of cures prove its merit. Unrivaled for piles, corns or cold-sores, Only cents at your druggist's.

**The Man Who Succeeds**  
as heads of large enterprises are men of great energy. Success, to-day, demands health. To all is to fail. It's utter folly for a man to endure a week, run-down, half alive condition when Electric Bitters will put him right on his feet in short order. Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble stomach disorders and deranged kidneys, I am again, thanks to Electric Bitters' sound and well." Try them. Only 50 cents at your Druggist's.

**Many Driven From Home.**  
Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. Kings' New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping-cough, and sore lungs make it a positive blessing. 50c and \$1. Trial bottle free. Guaranteed by your druggist.
