

Kings Mountain Herald
 Kings Mountain, N. C.
 G. G. PAGE, Editor and Owner.
SUBSCRIPTION PRICE:
 One Year, \$1. Six Months 50c
 Three Months 25c.
 Entered November 17, 1905, at
 Kings Mountain, N. C., as second-
 class matter, under Act of Congress
 of March 3, 1879.

That gold mine situation is a grave one. It is a problem that must be settled right away or else we had just as well give up all hope of it ever bringing any revenue to this vicinity. It has to be settled right away or the machinery will be hauled away and shipped to other property. The Herald had an interview with Mr. Overton Tuesday and learned of him first hand exactly what he thinks of the matter. He considers the action of the property holders a complete hold-up. He is an old miner and is satisfied that there is no room for complaint. Furthermore, Mr. Overton says that nothing short of a permanent release in writing will have any effect upon him. Mr. Overton is a very pleasant gentleman and says that he would rather lose what he has invested at the mine than to begin operations under threats. That's what Mr. Overton thinks of the matter.

The Herald has a think also. It is our opinion that if this work is stopped under the prevailing circumstances on other Capitalist will ever tackle it. We know that this community needs the added capital and pay roll which the enterprise will bring if allowed to go on. Mr. Overton expects to be back here to-day and we insist that the committee do all in their power to bring about a satisfactory settlement of the matter.

Messrs W. A. Ridenhour and Frank Carpenter have both signed the release and they stand first and second chance of damage to property.

We have started another serial. It has been several months since a serial story appeared in the Herald for the reason that it has been just that long since we have seen one that we considered fit to publish. The Herald professes to be a "clean" paper for "all the family." It can't be clean and publish "unclean" stories. "Little Sir Galahad," is the title of the serial the first installment of which appears on the third page of this issue. It is the "Quest of The Holy Grail," translated into Twentieth Century times. We haven't read the whole story first hand but have had it examined and approved by one vitally interested in the quality of matter that shall enter into the make up of the Herald. We sincerely hope this temperance story will be highly helpful and satisfactory to all our readers.

A serial story is a good circulation puller. That's because the people like to read it. We would appreciate statements from our readers in all walks of life as to exactly what they think of the story as we go along. Then we will know whether to continue it.

Folks are not breaking their necks to put in sewerage.

Why dont you go ahead and install your plumbing.

That meeting under the tent is a mighty good place to spend your evenings.

THREATENED INJUNCTION STOPS WORK AT GOLD MINE

The work at the gold mine has been blocked, for how long we don't know. Mr. Overton has invested considerable money there and is now held up on the work. Besides wages and local investment he has put three car loads of new machinery out there. Just about the time he was ready to begin work in earnest some of the landowners below the mine objected to having the sand from the mine turned loose in their part of the branch and threatened injunction. And the work stopped.

The matter was brought before the citizens of the town Monday afternoon in a mass meeting. Capt. F. Dilling was called to the chair and Prof. R. A. Yoder was made secretary. Capt. Dilling stated the purpose of the meeting. The question of whether or not the land on the stream below the mine would be damaged by the tailing from the mine was discussed by several who are in position to know. It was the consensus of opinion that should all the tailing be turned loose from the mine that the creek would not be filled in enough to do any appreciable damage. It was also pointed out that Mr. Overton has no intention of dumping his by-products into the creek but that he plans to use it for road purpose and lime. Mr. M. M. Carpenter stated that his understanding was that Mr. Overton intended to let nothing go into the stream except that which was fine enough to go through a hundred mesh screen.

It seems that the bulk of the trouble has come through misunderstanding. When this conclusion was reached in the meeting it was decided that a committee should be appointed to get Mr. Overton and the land owners together at the mine and try if possible to bring them to some kind of agreement that would result in the work going on. The members of the committee are: Hon. W. A. Mauney, H. T. Fulton, A. E. Cline, M. E. Herndon, and J. M. Patterson. After the appointment of the committee the meeting adjourned to be called by the chairman of the committee when they were ready to report.

After the mass meeting adjourned Mr. J. M. Patterson arose and called for attention. The mass assumed a political attitude for the moment and by vote asked Mr. H. T. Fulton to run for County Commissioner. A. E. Cline was asked to notify Mr. Fulton.

HARD CHRONIC COUGH

Made Well by Delicious Vinol
 Crestline, Ohio. — "I contracted a hard, chronic cough, and was weak, nervous and run down. I have a small family of three, and it was hard for me to do my work. I took different medicines without benefit. Finally I heard about Vinol, and it has restored me to health and strength, my cough is all gone and I feel fine." — Mrs. H. H. CARLSON.
 We guarantee Vinol, our delicious cod liver and iron tonic without oil, for chronic coughs and colds, and for all weak, nervous, run-down conditions.

 The Kind You Have Always Bought

Bears the Signature of *Dr. J. C. Watson*

\$100 Reward, \$100
 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. It cures by destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
 Address: F. J. CHENEY & CO., Toledo, O. Sold by all Druggists. Be sure you get the Family Pills for constipation.

WESLEYAN REVIVAL CLOSED

The revival meetings which had been in progress for the past ten nights at the Wesleyan Methodist church, came to a close last Sunday night. The meetings were a great success and resulted in thirty professions, with some additions to the church. Rev. J. M. Homes of Belmont, S. C. assisted the pastor. The attendance was unusually good, and great interest was manifested from the very first service. In order that there might be a hearty co operation in the union tent meeting now being held by Evangelist Brown ing, it was deemed best to close the meeting at time and to announce that a tent meeting will be held, beginning May 29th, with Rev. J. A. Clement, President of the N. C. Conference, as evangelist.
 EDW. M. GRAHAM, Pastor.
