Boiling Springs B-P Union Last Sunday

Sunday was the day set for the fourth quarterly meeting of the Cleveland County Baraca-Philathea Union. The morning dawned dark and threatening but those most interested from all parts of the county started early braving showers and mud. About ten o'clock they began to arrive at classic Boiling Springs. Upon arrival delegates were informed that the president, Dr. R. E. Ware of Shelby, had called off the meeting by telephone to Prof Huggins and that various classes in the vicinity had been notified not to come, also that the people of the community had been advised not to take their dinner out but not to eat it till twelve o'clock as perchance a few visitors might come who had not been reached by phone.

Before eleven o'clock a pretty fair congregation had assembled and as soon as they learned the situation began to deal blows upon those responsible for the disappointment and apparent defeat. But people who had traveled twenty to twenty five miles to attend a meeting, were destined to have a meeting. No visiting speakers whose name appeared upon the program were present. They had all been reached by phone. The pastor of the church, Rev. Mr. Holland, who had been assigned the devotional exercises was present. It was decided to have him preach. And about the time he was getting right to begin it was decided that after the devotional a round-table discussion of Sunday School affairs would be in-

FINANCIAL STATEMENT ASSOCIATED CHARITIES

We give below the financial statement of the treasurer of the Kings Mountain branch of Associated Charities which was organized here a few months ago. The people have not subscribed to the work as well as had been hoped but the statement shows that something is being done. In looking over the receipts you will see who has paid in money and by reference to the disbursements you will see for what purpose it has been expended. We are glad to note that a nice little balance is on hand.

There are outstanding bills to the amount of \$9.05 not included in disbursements which reduces the balance on hand by that amount.

J. O. WARE GOES TO POLK COUNTY

His many friends and admirers will rejoice that Mr. Jacob O. Ware of Route 4 has been appointed Farm Demonstrator for Polk County. Mr. Ware is the son of Mr. and Mrs. W. G. H. Ware of the Oak Grove section. He graduated at the A. & M. College last spring and has done some teaching there during the summer. Mr. Ware is one of our most promising boys and we congratulate the farmers of Polk that they are to have the benefit of what he has learned not only in the college but under a faithful and efficient home training.

MR. HAMRICK IS THANKFUL

Mr. Thomas Hamrick, who lives near Patterson Grove church, was here Saturday and asked us to extend his heart-felt thanks to his twenty-two neighbors who so generously worked out his cotton on Tuesday afternoon of last week. Mr. Hamrick has been unable to work for about three weeks with blood poison in his hand. The grass was about to take his cotton when his neighbors went to his rescue and he is indeed thankful for their kind consideration and help.

Mr. and Mrs. F. E. Smith returned Friday from their bridal trip of ten days. Their friends were glad to greet them.

CONSTITUTION AND BY-LAWS ADOPTED

The Battle of Kings Mountain Memorial Association held a mass meeting of membership last Thursday night for the purpose of adopting a constitution and by-laws for the association to take the place of the old constitution and by-laws which have been lost and to further discuss plans for the 7th of October celebration. The entire time was consumed in the discussion and adoption of the constitution and by-laws and plans for the celebration were not reached.

The new constitution and by-laws contemplates the ultimate incorporation of the association and officers and directors will be elected accordingly.

The membership clause precipitated quite a lively discussion and was finally stricken out and a new one provided. The clause proposed and recommended by the committee provided that the membership should consist of such persons as should be nominated and recommended by some member and should then receive a majority vote of the house. Those present were almost unanimous in contending that the requirements would automatically eliminate a large element of heretofore useful members and they, therefore, voted it out. Esquire W. A. Muney then suggested the following membership clause which was adopted: "Any white person in Kings Mountain or vicinity, either male or female, may become a member of the association by enrollment of his name with the secretary." There is no membership fees or assessment devolving upon members. All any person has to do to become a member is to see the secretary, Rev. C. K. Bell, and have his name enrolled. This enrollment has never been required before, everybody being considered members.

There were fourteen present when the last clause was adopted and they signed the document as charter members of the association.

The people as a whole are not evincing the interest in the work that it seems that they should. It is hoped that a large number will see the secretary and enroll their names and take an active interest in making the 1916 celebration the best in the history of the movement.

MR. J. P. FALLS' ANNIVERSARY

According to announcement in the Herald last week, Mr. J. P. Falls celebrated his 78th anniversary Saturday. Although the day was rainy and unpleasant about thirty friends and relatives gathered to rejoice with the host that he had seen the favors of Providence for another year and bid him many happy returns. The day was filled with good things. Old acquaintances met and discussed the things of by-gone days. Neighbors brought in their baskets and when the noon hour rolled around a most splendid old time country feast was spread. At eleven o'clock Rev. G. L. Kerr preached a fine sermon on the subject of "A way committed unto the Lord," using as a text Acts 28:14 which reads "And so we went to Rome." The theme was that a man may not live just as he has planned it but as it according to God's will.

REV. J. A. ORR TO BE AT LINWOOD CONVENTION

REV. J. A. ORR, (A. R. PRESBYTERIAN) SPEAKERS.

Rev. J. Alvin Orr, D. D., of Pittsburg, Pa., will speak twice a day for three days on the Victorious Life. A native of the state of Ohio, Dr. Orr has had pastorates in Philadelphia and Pittsburg. In the latter place he is at the head of a large institutional church, whose plant is costing something like five hundred thousand dollars and patronized after the work of Dr. John Timothy Stone of Chicago. For several years he has been the manager of the Princeton Conference, which has been attended by thousands and has been very helpful. Mr. Trumbull, editor of the Sunday School Times, writes of him: "I love and admire Dr. Orr as a remarkable man, wonderfully used of God in relation to the spiritual life of Christians. Close contact with him during the last two or three summers at the Princeton Conference has shown me the man's rare consecration, his love and loveliness of character and his magnetic power through the Spirit of dealing with persons and leading them onward and upward. I have been in fellowship with him in prayer and I know his humility and devotion to the Master. I shall never forget an address he gave in a small prayer meeting in the office of the Sunday School Times several years ago in which he made us see and rejoice in Christ as our life." He will be at Linwood on Sabbath, Monday and Tuesday, the first three days of the Convention, and will speak twice a day. Come and hear him for he has a great message.

MUSIC

The music of the convention will be under the direction of Rev. J. R. Edwards, as it was last summer. This means that a rare treat is awaiting us in this part of the program. Bro. Edwards is getting his quartet ready and along with the quartet, several ladies will assist in the special song service of the convention. Over and over again we have heard persons who were present at Linwood last year express their very great delight in the music of the program and especially that of the quartet. Come to Linwood if you would hear the Psalms sung as you have never heard them before.

SPECIAL DAYS

- Sabbath, August 6th, Opening Day.
- Monday, August 7th, Young People's Work.
- Tuesday, August 8th, Sabbath School Work.
- Wednesday, August 9th, Woman's work.
- Thursday, August 10th, Home Missions.
- Friday, August 11th, Evangelism.
- Saturday, August 12th, Laymen's Work.
- Sabbath, August 13th, Foreign Missions.

This only means that these departments will occupy the last hour of the morning service each day and a part of evening hour. From 8:30 till 10:30 every morning there will be a lecture on Bible study and an address on the Christian life and at the vesper service late in the afternoon,

Battleground Road Receives Attention

There has been a movement on foot for some time to get a better road from Kings Mountain to the Battleground. The present Battleground road is all right to within a few hundred yards of King's Creek. The bad road begins at Mrs. Robert Ham-bright's house just across the state line. The people of Kings Mountain, Grover and the people of South Carolina who live in the vicinity have been at work on the proposition for some time. Delegations went before the York county commissioners last week and presented all sides of the matter with the result that all parties concerned will meet today and go over the proposed route. Friday's York papers give the following account of the meeting before the commissioners:

(Yorkville Enquirer)

"A proposed re-location of the of the public road over a distance of about one mile between Kings Mountain battleground and the North Carolina line, is giving concern to a number of people in northwest York, northeast Cherokee, Grover and Kings Mountain. Delegations from the locations named appeared before the York county board of commissioners on that subject last Wednesday. Kings Mountain people want a better road from their town to the Battleground. The distance is seven miles. There is no trouble about the six miles on the North Carolina side of the line; but there is trouble on the South Carolina side. It is badly located the whole distance, and the place where it crosses Kings Creek is especially bad. This mile of road is a part of the old Yorkville and Shelby road and it runs through a corner of Cherokee county. The Kings Mountain people want to leave the Yorkville-Shelby road a short distance north of the Battleground, and then run up Kings Creek over easier grades to a better crossing and connect with the "National Highway" to Kings Mountain. This arrangement would tend to divert travel from the portion of the road which runs through a corner of Cherokee, and it would also interfere with the convenience of the Grover people. To give the Kings Mountain people what they want means either the doing away with a section of road that is of importance to people in Cherokee or the maintenance of virtually parallel stretches of road and two bridges. The York county board does not want to interfere with the wishes of Cherokee people or with the Grover people and wants to give Kings Mountain people what they want, the more especially so because a number of York county people are backing up the petition of the Kings Mountain people. After hearing the different delegations on Wednesday the York commissioners decided to defer all action until next Thursday when it will go up to the proposed scene of the proposed change, and together with the Cherokee board confer with all the parties at interest. As to what will be done about the matter will de-
