## OUR 4TH LIBERTY LOAN QUOTA IS \$79,100

The amount of the Fourth Liberty Loan has been announced as six billion dollars, and is apportioned as follows in this state: North Carolina thirty-nine million nine hundred thousand dollars; Cleveland county six hundred thousand dollars; Kings Mountain seventy-nine thousand one hundred dollars. This is more than double the quota for Kings Mountain in the last loan and just a little more than the subscription amounted to. Kings Mountain's quota in the Third Liberty Loan was thirty-nine thousand dollars and our subscription amounted to above seventy-six thousand dollars. We must, therefore, subscribe more this time to reach our minimum than we subscribed all together last time. Kings Mountain allotment is divided between the two banks as follows: First National Bank forty-six thousand two hundred dollars and the Peoples Loan & Trust Company thirty-two thousand nine hundred dollars.

For every dollar subscribed in the Third Liberty Loan in Kings Mountain there must be subscribed about one dollar and eight cents to reach our minimum. But it will be remembered that we have to help out Shelby and other parts of the county in most financial campaigns. Also some who subscribed last time may not be able to subscribe again so soon. So, let those who are to subscribe more than they did last time do so at once in order that the total subscription may foot up above our quota. In the state as a whole there must be subscribed this time one dollar and sixty-two cents for each dollar subscribed in the last campaign. North Carolina, as a whole, oversubscribed its quota in the last campaign. The town of Kings Mountain over doubled its quota.

Some towns in the state went over the top the first day. Black Mountain subscribed its quota five times over before the dinner bell rang Saturday. Subscriptions have already begun to come in at the local banks. Let's get "over" quickly as possible and raise a yell.

## SINGING CONVENTION

The Union Sunday School Singing Convention met Sunday with Bethlehem Sunday school with W. C. Ledford, president, presiding. Patterson Grove, Oak Grove and Antioch joined with Bethlehem in making music for the day. Each choir is said to have done real genuine fine spiritual singing. It was voted that the convention meet next at Patterson Grove the fifth Sunday in March. Notwithstanding the fact that gasolineless Sunday kept lots of people away there was a very large attendance. A collection was taken for the Red Cross amounting to \$80. This gives the Herald an idea; that at all meetings where there is no other demand that a collection be taken for the Red Cross. Good for Bethlehem.

## A MESSAGE FROM THE PRESIDENT

THE WHITE HOUSE  
WASHINGTON

Again the Government comes to the people of the country with the request that they lend their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever increasing vigor to a victorious conclusion. And it makes the appeal with the greatest confidence because it knows that every day is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential requirement. The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Men in America, besides, have from the first, until now dedicated both their lives and their fortunes to the vindication and maintenance of the great principles and objects for which our Government was set up. They will not fail now to show the world for what their wealth was intended.

**ANOTHER MONTH TO PAY UP**  
We are pleased to announce that we have another month, October, in which to collect delinquent subscriptions and renewals. Our first information from the War Industries Board was to the effect that all newspapers came under the same law and that all who were in arrears with their subscription must be dropped October first. We have

just learned that this applies to daily papers and the law applying to weekly papers such as the Herald does not go into effect until November first. This will come as good news to lots of people who just honestly failed to settle up by October first and who will be surprised to get this week's issue of the paper. This will hit the farmers right cotton selling time when they have plenty of money. The

Herald is indeed gratified that we have this extra lease of time. It will enable us to get our list in fine shape by November first. We expect to publish an honor roll of those who have settled up during this campaign in an early issue. Come in right away and get your name on this list. You will be surprised at the large number of people who have set themselves up-to-date and then renewed their sub-

## Red Cross News

The Red Cross Commissions for France have cabled that the hospitals are in urgent need of bath towels, hand towels, napkins and sheets.

The Red Cross Headquarters at Washington has decided that the best way to fill these requirements is to ask each Chapter to share in providing these articles. The allotment for the Kings Mountain Chapter is as follows: 57 bath towels (19 x 38 inches); 114 hand towels (18 x 30 inches); 70 handkerchiefs (18x19 inches); 5 napkins (14 x 14 in.) and 27 sheets (64 x 104 in.). The sheets to be made of heavy unbleached goods with 2 in. hem at top and 1 in. hem at bottom.

We have planned to ask each family who can do so to contribute one of these articles or set of articles from their household supply. The articles wanted should be new or substantially new and should be of strong texture as they will be subjected to hard and constant usage.

On Thursday afternoon from 3:30 to 6 o'clock the Red Cross work room will be open and a committee there to attend these articles. We have been asked to get this allotment this week and hope to do so without making a house to house canvass. Let every house keeper look over her supply of household linens and decide what she can do and by giving her attention lead her co-operation to the committee appointed to take charge of this work.

The school children have been given an opportunity to donate the handkerchiefs and we feel sure that they will respond gladly. We suggested that any articles brought in later than Thursday afternoon be left at the Finger Drug Co. with Mr. G. E. Lovell as this will be nearer the work room where articles will be packed for shipping.

Mrs. A. Hunter Patterson,  
Chairman of Women's Work.

The Red Cross Work Room will be closed on Friday afternoon of this week on account of the fact that the ladies of the town have been asked to take part in the parade which those in charge of the Fourth Liberty Loan have planned. The War Council of the American Red Cross wish to place the Red Cross back of the effort to make the next Liberty Loan a success so we hope the ladies will respond to the call to take part in this public demonstration Friday afternoon.

Chairman, Women's Work.

scription. You would again be surprised to know just how little grumbling we have heard about it and how many folks have expressed themselves as being glad the ruling had gone into effect. Come on and get in the big crowd.
