Mr. Gains Wells returned Monday from Charlotte where he had been taking treatment for an ulcerated eye for two weeks. He has to go back Saturday.

Mrs. Vance Tate has been quite sick for several weeks and will go to a hospital tomorrow for an operation.

Mr. J. B. Thomasson has sold his splendid farm 3 miles south of town to Mr. Wray Patterson transfer dated January next. This is considered one of the best farms in this section and consists of 150 acres.

When Mr. Patterson recently sold his farm in the Patterson Grove section and began running around at long range prospecting it was feared that he would leave this section. It speaks all the better for our county that he came back home to re settle after he had 'looked around'. Mr. Thomasson has not developed his plans for the future.

A white woman with suspicious appearance arrived in town last week and upon the suspicions being justified she was locked up by policeman Rhodes. A man who was in her company was also locked up. The next morning the city jail showed signs of violence and both inmates were 'out and gone'. The woman gave her name as Betty Rice of Knoxville, Tenn. Some body broke jail and let them out from the outside and the man upon whom this suspicion rested left town before the officer could get him. Thereby hangs another tale of moral depravity.

The Methodist Sunday School will meet again Sunday at the school auditorium. The officials hope to have the repair work on the Methodist church done by the following Sunday.

WILSON CHAMPIONS MONROE DOCTRINE

INTRODUCTION OF INSTRUMENT IS OPPOSED BY FRENCH AND CHINESE DELEGATES.

SPEECH CLOSED DISCUSSION

There Was No Vote Taken and Failing Further Remarks President Declared Amendment Adopted.

Paris.—Discussion of the Monroe doctrine amendment by the league of nations commission is described by those present as having been of a dramatic character, concluding with a speech by President Wilson deprecating the opposition which had been expressed.

He declared the Monroe doctrine was enunciated to combat the holy alliance and to hold back the threat of absolutism and militarism. It was a source of surprise and discouragement, the president said, to hear opposition expressed to such a doctrine and such a purpose.

The British attitude had been in doubt until the last, but Lord Robert Cecil turned the scales by announcing that he saw no objection to the amendment in the form presented by the president. M. Larnaude, of the French delegation, followed Lord Roberts with objections to inserting the Monroe doctrine.

The Chinese also offered objection to the amendment on the ground that its language was so extended that it might validate certain principles and claims affecting Chinese affairs.

The president's speech closed the discussion. There was no vote and when there were no further remarks the chairman said the amendment would be considered adopted. The commission then took up the next article of the covenant.

HOW CAN ALLIES DEMAND ON GERMANY BE ENFORCED

Paris.—While the members of the British and French parliaments are mobilizing for a proposal to exact nothing less than full indemnification of the allies by Germany for all the costs of the war and are insisting on Germany's ability to pay the full bill, the American representatives on the reparations commission express considerable doubt whether even the amount to be presented to Germany under the plan adopted by the council of four (estimated at about \$45,000,000,000, with the payment spread over a period of 30 years) can or will be collected in full.

They assert they can see the possibility that the ways and means of holding Germany to payment will grow weaker as the years pass and that Germany may take opportunity in later years to repudiate her obligations to the present allied powers under the peace treaty. They recall the action of Russia in repudiating the restrictive Black sea clauses of the treaty imposed at the conclusion of the Crimean war at a moment when a new political constellation in Europe gave the emperor of Russia a fair amount of certainty that Russia could do this with impunity.

HIGH PRICE SAID TO HAVE BEEN OFFERED AS BRIBE

Albany, N. Y.—Emphatic denial was the answer of Richard H. Burke, of New York, to the charge of Senator George F. Thompson that Burke had offered him a bribe in the form of a \$500,000 campaign fund for the governorship as the price of the senator's support of the Carson-Martin bill to permit street railway companies to increase fare rates.

Burke, who is vice president of the Special Service Flooring Corporation and connected with the Federal Signal Company, not only denied making the \$500,000 offer about which Senator Thompson had testified earlier in the day, but said he had never had any conversation concerning the governorship with the senator.

GOMPERS PROTESTS SHIFT IN LABOR LEGISLATION

New York.—Samuel Gompers cabled President Wilson, protesting against reopening the report drafted by the committee. Mr. Gompers' action was based on the announcement that the plenary adopted the report, with an amendment offered by G. N. Barnes, labor member of the British cabinet, recognized that "conditions peculiar to the orient make absolute uniformity in labor legislation impossible."

ACKERSON PLACED IN FULL CHARGE OF SHIPBUILDING

Washington.—Chairman Hurley made the first announcement of changes in the shipping board's staff in preparation for continuing successfully the tremendous merchant marine program started during the war. Mr. Hurley appointed Naval Constructor J. L. Ackerson to succeed Director General Charles Ives, of the emergency fleet corporation, in full charge of ship construction.
