CAPITOL KEYHOLES

(Cont'd from page one)
the Democratic primaries next spring. Nevertheless, there are some rather astute political observers around this Capitol City who say they believe Mr. Fountain's announcement is intended as a blow at the potential candidacy of Governor Ehringhaus who beat him by a nose three years ago, more than as a thrust at Senator Bailey. The Governor doesn't appear worried.

DON'T LIKE IT — Some members of the joint legislative finance committees can't take the idea of Representative McDonald of Forsyth, to introduce a substitute to the sales tax on the floor of the House of Representatives. Representatives R. Gregg Cherry of Gaston, and Thomas O'Berry, of Wayne made certain remarks indicating that they thought Dr. McDonald was "holding out" on them by not giving the committee the benefit of his views. The Forsyth Representative is a member of the House finance committee.

SPEED LOST — Not a few legislators express the opinion that rapid passage over sections of the revenue and appropriations bills is not going to save much time in the long run. They figure that opponents of the proposal of spending and taxing will hold their fire until the bills get on the floors of House and Senate and then loose their bombardments. It may or may not be significant that anti-administrationists are holding their peace in committee meetings.

PATROLMEN — It's entirely possible that you may soon catch sight of a State Highway patrolman in your county. Bills have been introduced in the General Assembly to transfer the patrol back from the revenue department to the highway department and to increase number of patrolmen. Also, patrolmen would be relieved of duties of collecting gas and oil samples for inspection and required to do nothing except watch automobile drivers and attempt to reduce slaughter on the public roads.

HAND - OUTS — Various and sundry bills have been introduced in the Legislature to use State highway gasoline and license taxes for purposes other than building roads. Some of the measures would have gas tax money reduce local government roads debts while others would require the highway commission to pave streets in cities. One million dollars in highway money is already going into the general fund and the budget commission has endorsed this policy for the next two years. If you have any definite ideas on the subject of how gasoline and license taxes should be spent the present might not be a bad time to make them known.

LIQUOR — Many legislative and political leaders believe that the Dey House bill to call a referendum on two wet and one bone-dry proposition should be "entitled an act to perpetuate the Turlington law in North Carolina." They figure that the two propositions for legalized liquor would split the wet vote and that the drys would stick together on proposal to retain present absolute prohibition. Another bill now circling around legislative halls would provide a referendum on a system of State sale of liquor. What will happen is, of course, in

Clerk of Superior Court.

the future but it is comparatively easy to strike out the section calling for a referendum. The drys realize that and are on their toes.

PUBLIC HEALTH — Senator Griffin, of Franklin, introduced a bill to require your child (if you have one) to be vaccinated against diphtheria between the age of six and 12 months but it ran into some rocks in the health committee. It developed that diphtheria anti-toxin sensitizes some patients against other vaccinations with "horse" serums. The committee couldn't agree on whether it was better to allow the child to be exposed to diphtheria or take chances on barring it from vaccination against certain other contagious diseases.

ISN'T JUITTING YET — Senator W. G. (Cousin Willie) Clark, of Edgecombe, wants it understood that he is not going to quit the race for Lieutenant Governor because candidate, Senator Carl L. Bailey, of Washington county, was defeated for President Pro Tempore of the 1935 Senate. Cousin Willie isn't sure he will make the race in 1936 but he avows that if he does he will give Senator Paul Grody of Johnston, former Senator George McNeill of Fayetteville, Senator Harriss Newman of New Hanover, of other potential or actual candidates "a run for their money."

TOUGH BREAK — Parole Commissioner Edwin M. Gill spent much time preparing his brief for presentations before the appropriations committees of the General Assembly. He made detailed studies of the best methods of parole investigation and supervision and then when the money-spending committees met Commissioner Gill confined to his bed with an attack of the mumps. As a result his brief had to stand alone for his cause. Mr. Gill subscribes to the axiom that the best laid plans of mice and men often go astray.

NOT BEHIND — Lieutenant Governor A. H. Graham isn't letting grass grow under his feet in the race for the gubernatorial nomination on the Democratic ticket next year, in the opinion of many political wise-acres around Raleigh. They

REGISTER YOUR BABY WILL BE APPROVED BY N. C. ASSEMBLY

RALEIGH, Feb. 7.—The "Register Your Baby" campaign in North Carolina is due the approval of the N. C. General Assembly, in joint resolution now before that body, approved by Dr. J. T. Burrus and Dr. R. L. Carr, health committee chairmen, Senator S. F. Teague and Representative Ernest Gardner, both new fathers, and prominent American Legion leaders. The text of the resolution follows:

WHEREAS, a campaign is now being conducted in North Carolina seeking to have every baby born in the State within the past year properly registered with the State Board of Health; and,
WHEREAS, such registration is vitally important, not only to the future of the child, but to the State and Nation as well, and is especially desired because of its economic, financial, health and other values to the future; Now, Therefore,
Be it resolved by the Senate, the House of Representatives concurring:

"That the General Assembly of North Carolina heartily endorse the REGISTER YOUR BABY CAMPAIGN now being conducted by the United States Bureau of the Census, through the State Board of Health, and with the help of the North Carolina Emergency Relief

opine that his committee appointments in the Senate and his conduct in presiding over that body are not hurting his chances of nomination even if Clyde R. Hoxey, of Shelby, and Congressman R. L. Doughton are getting the publicity breaks right now.

DR. NOBLE — Prior to convening of the General Assembly many news writers were predicting that the Legislature would attempt to abolish the office of executive assistant revenue commissioner, held by Dr. M. C. S. Noble, Jr. The Legislature has been in session almost a month and no one has peeped for publication about abolishing Dr. Noble, but talk of making the revenue commissioner elective has cropped out.

Administration, and request the parents of babies born in the State within the past year to cooperate in filling in the blanks on the postal cards to be sent them early in February and mailing these, without postage, to assure the proper registration of such babies."

KINGS MOUNTAIN HIGH LOSES TWO GAMES TO CHERRYVILLE

The Kings Mountain High teams dropped both ends of a double-header in Cherryville Friday night. The local lassies losing 35-29, while the Mountaineer boys suffered their first Conference defeat of the season at the hands of the undefeated Cherryville boys 49-29.

The Cherryville girls showed much improvement in winning over the favored Mountaineer lassies. Heavener scored 15 points to lead the Cherryville girls. Allen registered 18 for the losers. The fast Cherryville team had little trouble in overwhelming the Kings Mountain boys 49-29. The playing of Hicks and Stroup stood out for Cherryville. McSwain looked best for the losers.
