SENATE PASSES THE REVENUE MEASURE ON SECOND BALLOT

RALEIGH, April 17.—The senate today passed the biennial revenue bill on second reading without any discussion.

The vote was 21 to 9. It appeared obvious that it was planned to try to bring the revenue act more in line with proposed appropriations by changing it in reference committee instead of fighting further on the senate floor.

As the revenue act stands it contains a three per cent sales tax with exemption of nine basis items of food. The house passed it without the exemptions. The senate also struck out tax levies on chain filling stations, dividends of domestic corporations and investment certificates which the house voted.

It is figured the tax measure falls more than \$5,000,000 short of providing money called for in the \$64,800,44 appropriations bill passed by the house awaiting senate action.

Three Fires Take Place In Five Days Here

Through STATE CAPITOL KEYHOLES (By Bess Hinton Silver)

ANGER—Senator John T. Burrus of Guilford county, apparently still can't forget his primary campaign and some folk believe he is preparing to jump into the race for Governor along with Lieutenant Governor A. H. Graham, Clyde R. Hoey and all comers. Charging that the revenue department and the highway department of the State tried to defeat him, Burrus predicted that the next Governor of this State will not be a sales taxer. Some political wisecracks interpreted his speech in the State Senate as the opening gun in his campaign for Governor.

MUD—Senator Carl Bailey of Washington county wants the world to know that he is opposed to diversion of highway funds under the plan of Senator Newman, Chairman of the Senate finance committee and others, to levy the three percent sales tax against gasoline and take the cash out of money collected under the State's present six cent per gallon gasoline tax. "I will be opposed to any diversion until my people are taken out of the mud," Senator Bailey told the Upper Branch of the General Assembly. His people are still in the mud and it will be still muddier in his home county of Washington if highway money is spent on all the things that have been advanced before this session of the Legislature.

WORK STARTED ON SCOUT CABIN

Work has been started on the Boy Scout cabin of the First Baptist church Troop. The cabin is to be made from stone and will be located on the vacant lot next door to the church. Mr. P. D. Herndon is Scoutmaster of the troop.

NICK MOSS AT HOME

Mr. Nick Moss, who has been seriously ill in a hospital in Washington, N. C., was brought to his home in Kings Mountain, yesterday, (Wednesday) and his many friends will be glad to know that stood the trip line.

Mr. Moss, up to the time of his illness, was English teacher in the Windsor High School, at Windsor, N. C.

The Kings Mountain Fire Department had a busy week, answering three calls in five days.

Tuesday morning about 9:30 fire which started from a defective flue, completely destroyed the house on the York Road which was owned by Mr. Wade Bennett and occupied by Mr. C. A. Horne and family. The house and practically everything in it was a total loss. No insurance was carried on house or the furnishings.

Mr. Horne told the Herald, "I had bought my little girl a new pair of shoes Saturday, and I did not even have time to save them." The Herald can think of no better way of displaying the charitable spirit that Kings Mountain is capable of giving, than to help the Hornes by donating to them the necessary furniture to resume housekeeping again.

The firemen did mighty good work during the high wind of the fire to keep it from spreading to the house next door.

Sunday morning about 11:15 fire started from a defective flue in the kitchen of the home of Arthur Hay on Gaston street. Very little damage was done. Part of the roof was burned.

Friday afternoon about 4 o'clock fire destroyed the barn which housed a brooder with 75 baby chicks that belonged to Mr. C. E. Cash on East King street. The fire was started by the overheated brooder.

At this fire a man from Georgia, whose name was not learned, was arrested and fined \$10.00 for driving over a fire house.
