THE HERALD EXTENDS INVITATION TO FASCINATING NEW COOKING SCHOOL

Entertainment and Instruction Linked in Free Hollywood Production Due May 13, 14, 15, in Dixie Theatre.

There is always something new under the sun.

Entertaining proof of that statement will be presented May 13, 14, and 15, by The Herald, which is bringing to The Dixie Theatre a motion picture that pioneers in fresh stimulating treatment of the oldest and most important subject in the world—Homemaking.

Long ago the cooking School graduated from a curiosity to a popular necessity in many parts of the country. Now it has graduated again, leaping this time into Hollywood stardom.

For this is no routine lecture, no methodical demonstration which the Herald will give to the women of the community for three days without charge, starting, May 13th.

The Herald takes a genuine pride in being among the first to sponsor "The Bride Wakes Up", a full length feature picture, directed and filmed in Hollywood, with a competent cast to interpret the appealing story.

Women young and old, and men too, will appreciate the humanness of this romantic screen story, in which home problems have been approached from an entirely new angle. Entertainment, profitable instruction, humor and romance are woven deftly into a production which abounds in ingenious camera studies and remarkable close-ups. The camera has modernized the Cooking School, magnifying its benefits, losing none of its hospitable, friendly charm.

Laughing Around the World With IRVIN S. COBB

The Trouble at the Exit

By IRVIN S. COBB

AS I recall, they first told this story on Theodore Thomas. After Thomas' death they tacked Sousa's name to it. The Sousa version is now enjoying a merited revival.

The great conductor was putting his band through a rehearsal. There was a recruit to the organization lately added. The new member's instrument was a tuba. This person seemed incapable of getting through a somewhat difficult passage without making a hideous hash of his part of it.

Sousa halted the others and glanced reprovingly at the offender. "What's the matter with you?" he demanded. "It's dis dam' horn." He shook the misbehaving instrument. "I blow in it so nice and sweet and it comes out so r-r-rotten!"

By WILL ROGERS

MARY and Patricia were fighting, like little sisters do. I reckon. Like their mother never did

when she was a little girl, you know. So their mother came along and says, "Girls, girls! Can't you have a little difference of opinion without tearing each other to pieces about it?"

"But this ain't no difference of opinion!" Mary says.

"How come it ain't?" says Mother. "Well, Patricia thinks I ain't going to let her use the doll carriage, and I think just exactly the same!"

SAFETY PARADE AT 4:00 P. M. FRIDAY

Public Demonstration in Behalf of Highway Care Is Arranged.

Headed by City officials, Kings Mountain's Safety Parade, featuring the Magic Car which is operated by remote control and which has been touring this State in similar parades the past month, will be held promptly at 4:00 o'clock here Friday afternoon.

The Parade is a plea to all motorists to use every care within their power in driving, to pedestrians to be careful in crossing streets. And it will emphasize the need for Prevention of Property Damage and Human Suffering.

The car will be controlled by Capt. J. J. Lynch, who has been conducting these drives and who follows the Magic Car in another machine, tapping out the signals which will cause it to stop, start, turn, blow its horn, obey traffic signals and do all the things a driver should.

Wherever these Parades have been held, the turnout has been especially large. And the whole State is having a chance to learn the lesson of Safety and Careful Driving.

It makes no difference what the car is "It can never be safer than the driver handling it."
