

Meredith College Represented At State Show

Meredith College, Raleigh, N. C., April 10.—Meredith College will be one of the nine North Carolina colleges that will enter the 12th annual Style Show sponsored by the North Carolina State College School of Textiles, on April 20. Cloth woven and designed by State College students will be used by the students of the women's colleges to make

dresses they will later model in the Show. Meredith entries were all chosen from the members of the freshman clothing class, members selecting the 15 best models after a class style show. Among the girls representing Meredith will be Marguerite Rhea, daughter of Mrs. J. M. Rhea, of Kings Mountain.

Farm Questions Answered

Q.—When should poultry be vaccinated for chicken pox?
 A.—Young birds are more susceptible to pox than the adults so the proper time to vaccinate is when the birds are from ten to 15 weeks old. Do not use pigeon pox virus at this time. Pull a few feathers from the thigh and rub the small brush, which comes with the vaccinating material, over the holes left by pulling the feathers. Be sure the brush has been dipped in the vaccinating solution. When once started, all birds on the farm, except the old hens which are probably resistant, should be vaccinated.

THE HERALD COOKING SCHOOL

★ FREE ADMISSION ★ ALL ARE WELCOME

April 20-21-22
10 A. M.

★ America's MOST POPULAR RECIPES gathered from thousands of door-step interviews with American housewives will be the subject of our cooking school. From these our lecturer has made a selection of the best—and these she'll discuss and demonstrate. You'll receive labor-saving, menu-improving ideas that will keep you thrilled with interest from start to finish of each lecture. You can't help but know more of cookery—if you attend the school.

Miss Elizabeth Emery

★ Our Lecturer is an expert in turning out lighter, fluffier cakes. Her pastries are digestible—and pie-shells tender and flaky. Behind her is a background of a broad knowledge of food subjects and wide experience in lecturing. Just recently she gave a lecture a day for forty weeks. And incidentally she is a representative of the Spy Research Kitchen so that her technique is well-nigh faultless.

★ GIFT AWARDS are an exciting feature at every session of the school. They include a daily distribution of shopping bags full of groceries.

- FEATURES OF THE SCHOOL**
- A. Noted Lecturer
 - Free Printed Program
 - Valuable RECIPES
 - Novel Food Ideas
 - HELPFUL DEMONSTRATIONS

Belk's Confesses!

WE CONFESS—that we have a weakness for bargains, too. The other day we discovered a manufacturer who tempted us with the darndest lot of hand towels you ever saw. Not ordinary lady-like guest towels, you know, but ones created for special purposes. And you'll know their purpose by such markings as 'Pullman', 'YWCA', 'Hotel Statler'—in fact almost any institution between here and there. Many are without any remarks at all; however. Perhaps you'll find in them just what you want for kitchen towels, towels for the children to wipe their hands on—any use where appearances don't matter.

We nabbed these towels at a price below the manufacturer's cost, so we pass our saving on to you. Come in and look them over and grab a handful at

3c each

Description of towels—12x16, 20x20, 18x18, 16x22, etc. sizes; all huck, some with stripes in middle, some all white, some checked kitchen towels in blue or red, some boot mill type huck towels.

(These towels not sold to merchants for re-sale at any price.)

Thur., Fri. & Sat.

3c SALE OF NEW NOTIONS

Kitchen gadgets! Glassware! Medical supplies! Toys! Sewing essentials! Beauty items! Everything you need from a pin cushion to a pencil sharpener!
