

LOOKING FOR NEW WORLD'S TO CONQUER

Winners in every contest they have entered including Shelby district, Greensboro State, and Charlotte National, the Kings Mountain Band under the direction of their superb leader, Paul E. Hendricks, is now looking for new worlds to conquer. They played, they marched, they won.

Tennis Team Wins Championship

Last Friday Kings Mountain's newly organized tennis team traveled to Hickory where they won both the singles and double championships. Darracott won the singles by defeating Bessemer City, 5-4, 6-4. Nickles and Pumphrey came out on top in the doubles, defeating Cliffside 6-4, 6-2, and Bessemer City 3-6, 6-4, 6-0.

This Friday we go to York, S. C., and hope to return victorious again.

Ball Club At Phenix

The Phenix Mills have organized a ball club which is reported to be a pretty fast ball team. Their roster includes some former American Legion Junior stars and their entire team is composed of local boys. It is believed they will play a brand of ball that everyone will like to see, and when they are playing at home

they especially ask the lady fans cut to see their games. They will be shown every attention.

Mr. "Dink" Bennett of Phenix No. 2 is manager of the team and hopes to produce a winning ball team. The players have all new uniforms that are very attractive and they feel that with the support of the local baseball fans they can have a winning ball team.

Mountaineers Nose Out Shelby

The Mountaineers put on a real show here last Tuesday when they defeated Shelby in a scheduled seven inning tilt which actually went ten innings. The score was tied two

up in the fourth. Bill Goodson's Cubs came in and scored another run in the fifth. The Mountaineers retaliated again in the seventh to tie the score for the second time.

Neisler, local outfielder almost busted up the ball game in the ninth with a triple, but was put out when he tried to make a homer on it, as the third base coach advised. No men were out when Neisler connected, but the next two were quickly disposed of, and the game went into the tenth, still tied.

Shelby failed to tally in their half, and the Mountaineers cleaned up on a double by Gofins, with Plonk and Gibson both on base.

Ballard, who has held up the mound duty since Goforth's removal turned in one of the best performances seen here this season. He struck out sixteen men.

Jake Early Plays With Washington

Jake Early broke in with the Washington Nationals last week and has made quite an impression on the Washington officials with his fine hitting.

Since his first appearance in Chicago as a pinch hitter last Thursday the local boy has solved the offerings of major league pitchers with very little difficulty.

Through Monday's game with Cleveland Jake had rapped out five hits in eleven times at bat for a neat .450 average.

Twice he has delivered in a pinch batters role one of the hits coming off Bobby Feller, the major league's strike-out holder.

Jake is a Kings Mountain High product, doing most of the pitching for Jack Fulkerson's 1935 Western Conference championship nine.

His many friends join in hoping that his fine hitting will continue and become Washington's first string catcher in the near future.

Set. Nites.

Bob, Jones, Be. and their girls had lots of fun last week at the Dance in Charlotte.

Jimmy and Mary Evelyn couldn't get the Packard in second Sunday night. But we notice that it went into high quite easily.

KRITICAL MOMENTS AND HOWLARIOUS SCOOPS

No news, according to an old adage, is good news. Well, this column should bring lots of joy this week. Nothing has happened — well very little anyway. But maybe we can give you some gossip.

The fact that Puff is spending lots of his hours before bedtime parked in front of the Keeter home isn't news any more. We've seen him there three times lately.

A rumor came floating our way today that "Viv" (Vivian Prince) is about to start that Manly stuff all over again. Do left.

Margaret Ware couldn't accept a date for the G. C. picnic because she "has something else to do" on Saturday evening. We notice that she's had something besides time on her hands for the past several
