... now we repeat it in print

"A GOOD MANY confusing things can be said...in fact sometimes are said...about gasoline. THAT GOOD GULF

... a regular-priced motor fuel that compares favorably with many higher-priced gasolines. Because it's refined to meet the specific needs of the locality in which it is sold, That Good Gulf Gasoline gives complete satisfaction in power, mileage, and smooth, all-around performance.

GULF NO-NOX

... a super-fine fuel that no regular-grade gasoline—regardless of the claims made for it—can touch for anti-knock value. No-Nox gives lightning-like starts... permits more rapid acceleration... delivers smooth, knockproof power under all normal driving conditions.
