

### Social Security Information

Do you know why you need a social security number? This number is the one under which the Social Security Board keeps your wage record. No matter how many times you change jobs, you always keep the same social security account number. Always be sure your employer has your proper social security account number. He must use this in reporting your wages. You can get a social security number at 115 South Street, Gastonia, N. C.

A representative of the Gastonia field office of the Social Security Board will be in Kings Mountain at the local post office on the second Tuesday of each month. The next visit to Kings Mountain will be on Tuesday, Nov. 12, from 2 to 3 p. m.

Records kept by Onslow County demonstrate poultryment during the past four years show that a substantial profit can be made from chickens, says Assistant Farm Agent Jack Kelley.

### Kiwians See Alaska Movie Film

R. M. Schiele, Boy Scout Executive of the Piedmont Council, was the guest speaker at the regular weekly meeting of the Kiwanis club which was presented to the club by J. R. Davis who was in charge of the program.

Following the close of the Boy Scout Camp at Lake Lanier in August Mr. and Mrs. Schiele made a vacation trip to Alaska. Technicolor moving pictures were taken of the trip. In presenting these beautiful pictures so expertly taken Mr. Schiele talked of Alaska.

It is in profusion and not always a land of ice and snow. Certain areas he pointed out are very mild with a very moderate temperature with a low of five degrees above zero in the middle northwest United States the temperature is often 40 degrees below.

Mr. Schiele said that when purchased by the United States Alaska was called "Seward's folly." The investment has paid big dividends for Alaska is wealthy in minerals, furs, fish, agriculture and grazing.

There is talk now of cooperation with Canada in building a highway to Alaska but now the territory must be reached by ship or air ways. The Schieles made their trip by ship from Seattle. It was interesting to hear that Alaska is very close to Russia. In fact, so close that at one point you can see across and there is possibility of a bridge across or a tunnel under Bering Strait.

There are not as many good roads in Alaska as in Cleveland County. Just now the government has a \$25,000,000 defense program going on in Alaska.

The pictures showed the beautiful sights seen during the trip to and from Alaska by ship and rail, in the interesting cities of Juneau and other communities of Alaska. Pictures were shown of the fishing streams, of the dense forests, of the glaciers and mountains.

**TO SING**  
The Short Sisters of Charlotte will sing at the 11:00 o'clock service Sunday morning at the Wesley and Methodist Church.

**DON'T BE BOSSED**  
BY YOUR LAXATIVE—RELIEVE CONSTIPATION THIS MODERN WAY  
When you feel gassy, headachy, lopy due to clogged-up bowels, do as millions do—take Feen-A-Mint at bedtime. Next morning—thorough, comfortable relief, helping you start the day full of your normal energy and pep, feeling like a million! Feen-A-Mint doesn't disturb your night's rest or interfere with work the next day. Try Feen-A-Mint, the chewing gum laxative, yourself. It tastes good, it's handy and economical... a family supply costs only

### Mountaineers In Forest City Friday

(By Manly Moorhead)  
Coach Cline Farthing's Mountaineers will invade Forest City Friday afternoon, Nov. 8th. The game is scheduled to be played at 3:30 p. m. The price of admission has been fixed at 20 and 35 cents.

It is hoped that a large number of Kings Mountain fans will attend this game. The opposing team is one of the strongest the locals will face this season, and it is going to be the Mountaineers to conquer. When contacted and asked for a prediction concerning the outlook for his men in the game, Coach Farthing said: "Forest City has one of the best clubs in the conference, but I hope we can beat them."

### Chicks Need Heated Water During Winter

An egg is 70 percent water! That is a fact that C. F. Parrish, Extension poultryman of N. C. State College, constantly impresses upon poultry raisers in urging that they provide their flocks with plenty of clean water in convenient fountains. Now, with the approach of winter Parrish adds this suggestion: Arrange for some heated water fountains for the flock to use when cold weather arrives. Water consumption is greater when the chill is taken off, and the more water a hen drinks, the more and the larger her eggs.

The specialist also warns that drafts thru openings in the back and ends of the laying house should be eliminated by closing such openings. Winter is the time to make money from egg production, when the supply is short, he says. There is a surplus of eggs in the State only during about six weeks in the spring. That leaves about 46 other weeks in the year that our homes and some markets are not amply supplied with quality eggs.

By selecting chicks of good breeding, and by proper housing and feeding, the farm flock can be managed so as to produce eggs every month in the year. The great need is for summer and fall eggs. If the flock is hatched early in the summer, more care is necessary to prevent partial or complete molt in the fall. However, this can be done quite successfully by the use of wet mash and lights on the laying flock.

The tremendous increase in small grain and winter legume acreage in Halifax County this fall is not only aiding the conservation program but is bringing about an increase in livestock numbers.

From one bushel of certified Irish potato seed, Howling Bradley of Smithbridge township in Macon County harvested 20 bushels of potatoes, twice as much as from a bushel of uncertified seed.

### LAST WEEK'S GAME RAINED OUT

Old man weather played a trick on the football players of Lincolnton and Kings Mountain last Friday night when he turned a steady drizzle into a downpour just about the time the two teams were ready to go on the gridiron. The game has been postponed until Thanksgiving week. The exact date will be announced later.

### "B" Team Hands Shelby Third Straight Defeat

The B Team of Shelby High there last Thursday by a score of 7 to 6. This was the third victory Smart's boys have won from this team. However, the outcome of the third game came very near being told in entirely different words. Shelby scored a touchdown in the second quarter. The try for the extra point failed. It looked like the final score was going to be 6 and 0. Then Paul Hampe came to the rescue of the K. M. boys in the last period by making a score just two minutes before the game was ended. The try for the extra point was good.

### Colored Church Making Special Drive

The Colored Presbyterian Church of Kings Mountain is making a special drive to raise money for their church debt, and Aunt Nancy Adams who has passed her 100th birthday, is still active in her church work, and wishes to ask all the white churches in Kings Mountain to take a special collection in their churches to help her club on their debt. They are having services each night this week and extend a cordial invitation to the white people to attend these services.—Reported.

### K. M. Drug Staging Contest

Considerable interest is being shown in the boys and girls contest just beginning at the Kings Mountain Drug Co. Sixteen prizes are being offered, the two major ones being a handsome bicycle for a boy and a girl. Complete details of how to win one of the fine prizes may be secured from either Don Blanton or Johnnie McGill, who will be glad to tell contestants all about the big contest.

### Cleveland Co. Students At Wake Forest

Wake Forest, Nov. 4.—Nineteen Cleveland county men are among the 1067 students enrolled at Wake Forest College for this semester. Of this number, eleven are from Shelby, six from Kings Mountain, one from Lattimore, and one from Mooresboro. Eighteen of these men are enrolled in the academic school, and one is a medical student. Those from Kings Mountain are: J. C. Bridges, R. J. Fortune, L. W. Hamrick, Jr., J. G. Hicks, D. F. Hord Jr., and H. B. Olive.
