The Men's Bible Class of Central Methodist Church honored Jake Early, Kings Mountain's contribution to the big league baseball, at a banquet Monday night in the dining room of the Church. The party was held on the eve of the departure of the Washington Senator's catcher for spring training at Orlando, Fla.

President of the Bible Class, Jim Smith, presided during the banquet. Editor of The Herald, Haywood E. Lynch, congratulated members of the class for honoring the athlete who has brought considerable publicity to Kings Mountain, The Best Town In The State.

William Plonk presented the honored guest by saying: "He is a great young man who has brought fame to our town and we are all proud of him." Mr. Early expressed his appreciation for the honor bestowed upon him, and said: "I had rather have this honor than to hit a home run with three men on base."

J. R. Davis, teacher of the class, introduced the speaker of the evening, Floyd Todd, prominent Gastonia Business man and Christian

Good Reasons For Good Service

The traditional courtesy of telephone men and women and the efficiency of the service often prompt telephone users to ask if there is not some secret formula for this consistent performance.

In reality there is no secret. It is just the practical operation of group cooperation, individual interest and pride in the job, and company spirit.

Telephone employes are selected with care. They are constantly trained, kept fully informed about the company's affairs, and are continually encouraged to acquire the skill and experience necessary to maintain and improve the speed, accuracy and dependability of the service.

The consciousness that theirs is an essential public service gives them a sense of personal responsibility. Good working conditions and recognition of individual merit are also sources of inspiration.

The company's plan for retirement and care of its workers during sickness or disability, and the provision for death benefits all safeguard their present and future and promote peace of mind. Further incentives to their cheerfulness and efficiency are stability of employment and good wages.

Telephone men and women also know that the appreciation and interest so often expressed by the public is shared by the management of their company.

Seed Pasture In February Dairy Specialist Advises

Outsmart the weather and seed your pasture in February!

That is the suggestion made to North Carolina farmers by F. R. Farnham, Extension dairy specialist of N. C. State College. He points out that a successful stand of grass depends upon sufficient moisture, and March and April are usually comparatively "dry months."

Farnham says that because of the extreme dry weather that prevailed over much of the State last fall, scores of farmers did not sow pasture grass seed and still have them on hand. Pasture grass can be seeded either in the fall, or from February to April in the spring. It is wise to get the seed in the ground in February, judging from past experiences, the specialist declared.

Farnham says that it is important to have a compact seed lot. He suggests that old pastures be re-seeded without burning off the broom sedge or plowing the land. Instead, he says the top soil should be disced or scarified lightly, being careful not to penetrate the soil more than three inches.

A sample of the soil should be sent to the State Soil Testing Laboratory, Raleigh, where it will be tested free for acidity. Then the correct amount of lime can be applied, and this is also very important, Farnham stated.

In order to insure a good start, the grass seeds should be mixed directly with a good balanced fertilizer, using from 300 to 400 pounds of fertilizer per acre. The seed and fertilizer should be mixed and poured into the drill, and if possible the mixture should be drilled both lengthwise and crosswise of the field.

A top-dressing of stable manure will help a new seeding the first year, and Farnham advises strongly against over-grazing the pasture the first season.

Keep this plan up for 30 days. Then weigh yourself and see if you haven't lost pounds of ugly fat.
