July 14:  
 Preaching will be next Sunday at 9:30 A. M. Sunday school immediately after. E. T. U. at 7:45 P. M. Teachers meeting each Tuesday evening at 8:00 o'clock. A cordial invitation to come and worship with us.  
 Our pastor, Rev. J. W. Suttle, who has been on his vacation is expected to be with us Sunday.  
 Mrs. Dan Bridges, who has been a patient at the City Hospital, Gastonia, is expected to come home this week.  
 Mrs. Bert Seism has been sick and confined to her bed for the past several days.

Mr. and Mrs. J. W. Carroll and family had as their guests Sunday Mr. and Mrs. Walter King of Bessemer City, Mrs. George Hancock and children of Shelby, and Mr. and Mrs. Evans Greene of the Hixson Mill. Mrs. Greene is spending this week with them.

Miss Edna Bridges spent Tuesday with Miss Juanita Burton.

The children of Mr. and Mrs. J. W. Seism gave a surprise dinner Sunday in honor of their mother's birthday. Their family is one of our section's largest and when they all get together there's quite a crowd. I'm sure it was an enjoyable affair.

Mr. and Mrs. G. W. Greene and family spent the weekend of the 4th visiting Mr. and Mrs. Ray Neeley of Laurinburg. While there they visited Carolina Beach.

Mr. and Mrs. Jessie Lee Caldwell and Mrs. Caldwell's parents, of Spear, N. C. were recent visitors here.

Miss Maggie Lee Carroll of this section and Misses Virginia Lee, Agnes Bridges of the City Lake spent the week-end in Ware Shoals, S. C. visiting the Sidney Masons.

Mr. Hoyle Queen who has been in the Army for several weeks, was at home last week on a visit.

Mr. Kirk Bridges son of Mr. and Mrs. Tom Bridges left Monday to join the Marines.

**PEACH CROP IS LARGEST SINCE SEASON OF 1931**

The peach crop now being harvested in North Carolina totals an estimated 2,430,000 bushels; and Lew P. Watson, Extension horticulturist of N. C. State College, says it is the largest crop since 1931. The 1940 peach production in the State was 1,344,000 bushels.  
 "The peaches in the Sandhills section are of good quality for the most part," Watson declared, "and there will be no better fruit buy on the market this year than peaches. If the growers are to receive a fair price for their crop, it will be necessary for consumption of peaches to rise considerably over normal consumption. Before we ask people in other States to eat more peaches, we certainly should do our part at home."

The latest fruit situation report of the U. S. Department of Agriculture indicates a crop of 20,840,000 bushels in the 19 EARLY states, all of which will be selling peaches during the next six weeks. This is nearly 50 percent larger than last year's crop.

Miss Mary E. Thomas, Extension nutritionist, points out that peaches — either fresh or canned — supply certain food materials that the body requires for health and growth. "Fruits are an excellent source of sugar for energy needs of the body," she declared, and they also stimulate the appetite and aid digestion.

"They are a principal source of Vitamin C, which protects against scurvy and is essential for the healthy condition of teeth and gums. Serve peaches fresh, canned, dried, steamed, stewed or cooked in combination with other foods, she suggests.

**AAA ENCOURAGES EXPANSION OF FARM STORAGE SPACE**

Anticipating an increasing deficiency in grain storage space in many sections of the country, U. S. Department of Agriculture officials are urging farmers in North Carolina, to expand storage facilities for all grains. It was announced by W. Herbert White of Caswell county, member of the AAA committee.  
 "It now appears," Committeeman White said, "that with wholesale changes in the world marketing picture there will be increased need for storage facilities on the farm."

Even now, the Caswell farmer added, storage space for grain is lacking in many sections of the country.  
 "Terminal space will be tight this Fall," he added, "and transportation will be available only for grain having pre-arranged storage at its destination."

The AAA committeeman reminded that adequate storage facilities are necessary in order that eligible farmers may take advantage of government loans on any crop. Crops placed under government loan must be stored in bins or warehouses which meet government specifications for safe keeping of the commodities.

Farmers who increase farm storage facilities now will be protecting their own interests against possible future conditions under which terminal space would be inadequate to accommodate crops which must be stored. Here the committeeman cited the extremely unfavorable conditions under which Canadian wheat farmers tried to salvage 1940-41 grain, hundreds of thousands of bushels of which was left in the fields for months, exposed to the weather because storage space was lacking.

If good rains continue, farmers of Anson County will get a fair crop of lespedeza this year, reports J. W. Cameron, farm agent of the N. C. State College Extension Service.

B. C. Pennington of Stutwells, Ashe County, says money invested in sheep will pay \$2 to over \$1 of money invested in cattle, according to Assistant Farm Agent H. D. Quessenberry.

**North Carolina, Cleveland County.**

In The Superior Court Willie Childers, Plaintiff.

vs. Harold Childers, Defendant.

**NOTICE**

The defendant, above named, will take notice that an action entitled as above has been commenced in the Superior Court of Cleveland County, North Carolina, wherein the plaintiff seeks an absolute divorce from the defendant; that said defendant will also take notice that he is required to appear at the Clerk of Court's Office at the Courthouse in said County in Shelby, North Carolina, within twenty (20) days after publication of this notice, and answer or demur to the Complaint now on file in the Clerk's Office in said action, or the plaintiff will apply to the Court for the relief demanded in said Complaint.

This 8th day of July, 1941.  
 E. A. Houser, Jr.  
 Clerk of Superior Court.
