In that statement DRINK MORE MILK there is the answer to a hundred questions. "How can I be strong?" — How can I keep going — these and many more all answered by the same three words: Milk supplies in abundance the energy and vitality so necessary to us. It builds young bodies to be strong — it opens young minds for knowledge and keeps mature minds constantly on the alert. Milk is the one drink that not only satisfies your thirst but rewards you in the form of more radiant health. MAKE MILK A REGULAR HABIT AT YOUR TABLE
