

**Sale of Oil Heaters To Be Continued**

Harold Coggins, of the Kings Mountain Furniture Co., has been notified that the sale of oil heaters will be prohibited by Federal regulations after April 15th. "We are anxious for the public to learn of this ruling so that they may make arrangements prior to the deadline," said Mr. Coggins. W. A. Childers of

the Kings Mountain Tin Shop also stated that he has received the same order in regard to oil heaters. Messrs. P. D. Herndon of the Victory Oil Co. and Claude Hamblight of the Kings Mountain Ice and Coal Co. in an advertisement in this issue of The Herald call attention to the possible coal shortage and the fact that the coal shortage will be the fall and winter months. The Co accepted as soon as possible.

**OFFICERS ELECTED**

At the meeting of the Young People of the Presbyterian Church last Sunday the officers for the year were elected as follows:  
 Vice-President—Charles Neider.  
 Secretary—Fay Moss.  
 Treasurer—Jack Mosney.  
 The Highway Chairmen are: Highway of Life Enrichment—Frances Hunter and Alice Betty Mosney.  
 Highway Beyond the Sea—John Rowland and Jim Nichols.  
 Highway Into the Homestead—Calvin Payne and Billy Riddock.  
 Highway of Enrichment and Training—Henry Neider and Bill Neider.  
 Highway of Learning—Eddie Smith and Betty Lee Neider.  
 Highway of Stewardship—Jack Mosney and Nancy Nichols.  
 Highway of Comradeship—Kurtin Gilchrist, Betty Patrick and Sue Riddock.

This Council will meet at the home Thursday night at 7:30. The members of the Council for the past year are also invited to this meeting.

**MBC PLAY REFLECTS CREDIT UPON ALL WHO PARTICIPATED**

(Special to The Herald)  
 The Mary Baldwin Dramatic Club's spring production, "The Comedy of Errors," by Shakespeare, given at the college recently, was capably presented, reflecting credit upon the actors, the production staff, and the director, Dr. Mary Littmer.

The characters who were the bits of the play were the two Dromios, played by Janet Dudley of Staunton, Va., and Betty Lee Neider of Kings Mountain, N. C. They furnished most of the comedy interest in the production and did some very clever acting as the attendants to the two Antipholus brothers, roles which were played effectively by Patricia Blair, Toronto, Canada, and Mary Griffith, Milford Conn. Miss Blair's acting was especially realistic.

**Radio And Hill Billy Jamboes Saturday Night**

Boy Scouts of Kings Mountain Open Spring Event at Central High School Auditorium.

What is billed as one of the largest radio and hill-billy jamborees ever staged in the south will occur Saturday night April 4th, at 8:30 in the Central High School auditorium under the sponsorship of the Boy Scouts of Kings Mountain. A busy program of entertainers together with a beauty contest will crowd the evening. Among radio artists to participate will be the Carolina Crackerjacks, Tennessee Ramblers, Claude Casey, leader of the Southern Hill Billies featuring the Patterson sisters, Ray McRay and the Arizona Ranch Hands. Boy Scouts of Kings Mountain are selling tickets and the organization will benefit from profits of the show.

**MEMBER OF MODERN LANGUAGE FRATERNITY**

Hal Olive, son of Mr. and Mrs. E. Olive, of Kings Mountain, a member of the Lambda Chi Alpha Pi Alpha, a national honorary Modern Language Fraternity. Young Olive was given this annual honor on the basis of his scholastic record and interest shown in the study of French. A graduate of Kings Mountain High School he was in the highest fourth of his class.

**HOOVER MAKES CHAPEL TALK**

Sergeant M. C. Hoover of the Kings Mountain Police Department made a chapel talk on "Safety" to pupils of East End School Tuesday morning. Officer Hoover stressed the part young folks could play in regards to safety. The talk was both interesting and educational.

**FARMERS BORROW MORE MONEY**

Farmers in Cleveland county during January and February borrowed \$46,710 from the Cherryville Production Association to finance this year's farming operations. Mr. R. W. Wilson, director of the association said this week. This is an increase of 2 percent in the amount of credit. 164 farmers in the county obtained from their credit cooperative compared with the same period last year.

The average farmer is using an increased amount of credit this year and this increase has been caused primarily by participation in the Food For Freedom program. Mr. Wilson declared. "Increased membership in the production credit associations and making credit arrangements earlier were also partly responsible for the increased amount of credit. Production credit association members are farmers carrying on sound farming operations and indications now point toward the largest use of short term credit by them than ever before."

**Steel-Piercing Eye**

Steel used in vital parts for war machines—planes, tanks, ships, guns—must be flawless, because America's fighting men must have weapons that are both accurate and tough.

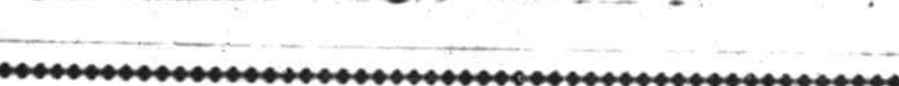

1. The new million volt X-ray built by General Electric saves precious hours in finding flaws. It is so powerful that its rays can pierce thick steel castings.

2. A regular check-up on pieces of X-ray film worn on workers' wrists helps guard against prolonged exposure to the rays given off by the X-ray tube.

3. X-ray exposure needed for 5-inch-thick steel is now 2 minutes instead of previous 3 1/2 hours! Whole days are saved in examination of even thicker castings.

General Electric believes that its first duty as a good citizen is to be a good soldier.  
 General Electric Company, Schenectady, N. Y.
