# \$ Dollars Spent In Kings Mountain Will Return To You

**MANY TOURISTS ANNUALLY—OBSERVE OUR BEAUTIFUL CHURCHES**

No greater advertisement could a proud city or section of countryside have than its pride in its local churches. All churches are tax free and naturally have to be maintained by you and your local business firms. It is one of civilization's greatest advantages and blessings to have outstanding places of worship. Would you like to drive to the next town to worship? Would you build your home in a community without a place to worship? It is much better to have your home in a town with all the churches you care to worship in. Good churches are a credit and advantage to any community. They are the mirror of reflection to the faith you have in your own home community. Your local merchant contributes much to the up-keep of your churches. Buy from your local merchants first. Your prosperity depends partially on your loyalty in supporting your local firms.

Try Your Home Town First  
**BUYING AT HOME INCREASES LOCAL PAYROLLS**
