

DOING OUR PART . . .

We are happy to aid in the victory of our country, through the way we can serve best---
CONSTRUCTION. We are completing 4 pump stations for the Plantation Pipe Lines, a
great artery of National Defense. When the Axis have been put in their proper places,
We'll be back building for you as we have for the past 20 years.

*We are proud to honor our former Employees who are now
Serving their Country.*

WHAT'S THIS WAR ABOUT, DADDY?

Many, in a place called China, children
can never play as you can . . . because
men in airplanes soar overhead and shoot
them, and burn their homes.

In other places . . . in Norway and France,
in Poland and Greece and Spain . . .
children have their mothers and daddies
taken away from them . . . led off to a
prison called a concentration camp. Their
children may never see their parents again.

Many of these children—boys and girls
just like you—don't get enough to eat.
Many of them have starved to death.

Why is all this happening? Because there
are evil people in the world, who call
themselves the Axis, who do these things.
And it's our job to make them stop—to see
that they never trouble the world again.
That's what this war is all about.

To do our job we've got to knock out the
Axis. And a lot of us Daddies would like
to do it with our own fists . . . or our own
guns. We can't all do that. There's other
work that Uncle Sam wants us to do.

So let's help knock out the Axis with that
work. Let's take a dime out of each dollar
we earn while working and buy War
Bonds and Stamps to turn our dollars into
America's tough new units and planes.

So . . . tell your employer to cut aside
10 percent of what you earn every payday
in the War Bond Payroll Savings Plan.
Then, each time it adds up to \$10.75,
you'll get a bond.

Your Government will use that money to
smash the Axis. Every dollar is a nail in
Hitler's coffin. Every bond a bomb to
blow the Jap off this earth. And your

money is an investment quicker that time
when paper returns and you will no longer
have to answer that question:

"Daddy, what's this war about?"

WHY U. S. WAR BONDS ARE THE SAFEST PLACE YOU CAN PUT YOUR MONEY!

1. They are obligations of the United States. If this isn't safe, nothing is!
2. For every \$5.00 you invest in War Bonds you get back \$4.00 at the end of 10 years.
3. They do not fluctuate in dollar value—are never worth less than you pay for them.
4. You can name one individual either as co-owner or as beneficiary right on the face of the bond.
5. Your savings in War Bonds cannot be taken or stolen. Each bond is registered at the Treasury Department.
