RANDOM NOTES

by
Mrs. A. H. Patterson

A S O S from Mrs. Marion Ware (Mrs. Inager Wood) of Shelby, chairman of Women's Div. Salvage of Cleveland County calls to our attention the fact that so far there seems to have been no organized effort made in Kings Mountain to avail the salvage of fats, tin cans and newspaper, both and silk hose. As soon as plans can be made for the salvage collection of these articles we will be there.

Have just received a letter from Lieu. Dexter Jenkins, former resident of Kings Mountain, music teacher now with the Army Nursing Corps in the South Seas Islands. The letters were written in the early parts fall of 1942 soon after their arrival on the island which she describes as a place of unusual beauty and says they had to almost pinch themselves to see if they were really in that lovely spot where palm trees, cocoanuts, bananas and beautiful flowers grow in profusion. The natives of the island are friendly — easy-going and lazy. Theere are three seasons—hot, hotter — hottest.

Lieu. Dexter says "Talk about the impossible. I never would have thought a hospital ward could be put in working order in a few hours time. So many of the hospital wards are under the open sky. The nurses their living quarters are up in the all our own. Received a letter from a nephew Sgt. Chas. Lutz, Jr. of New York City who is now in maneuvers somewhere in West Louisiana. The letter was finished two days after it was started as they were called out on a forced march of 20 miles, headed toward Texas. At the time of the conclusion of the letter they were up near the "front" awaiting orders to advance. In the last few days they had averaged about three hour sleep at night and were a bit weary.

A card from Mrs. J. E. Lipford and Miss Margaret Kendrick informs us that the weather is fine in Florida and lots of fruit and pretty flowers — However they add "Looks like war down here — so many ships, planes and soldiers."
