NORTH CAROLINA WEEKLY WAR ROUND UP

GET YOUR COAL SUPPLY

Coal consumers are urged to place orders for their entire next winter's supply immediately, to accept the coal as it can be delivered and to place it in protective storage during summer months when production and transportation are more readily available.

GAS TO DRIVE TO WORK

Car owners who drive to work and do not get enough mileage from their B ration book may now get additional allowances if they show they cannot get to their jobs any other way.

Applications must be made to local rationing boards and must fulfill the following conditions in addition to needing more gas 1 That driving is between home and a fixed place of work in connection with their principal occupation 2 That either a ride-sharing arrangement has been made or that the vehicle carries a full load 3 That alternative transportation is inadequate

SUGAR STAMP 12 WORTH 5 LBS.

Sugar Ration Stamp No 12 which becomes valid March 16 is worth five pounds but it must last thru the end of May a period of eleven weeks Stamp 11 good for three pounds is valid from Feb 1 to March 15

WHEAT QUOTAS SUSPENDED

Wheat marketing quotas have been suspended by agriculture secretary Wickard in a move to insure adequate food and feed supplies This action lifts marketing quotas and releases at once for feed or market any wheat which has been stored Wheat farmers who mark as per cent of their farm wheat goals in 1943 will be eligible for AAA wheat payments and wheat loans even though they exceed their wheat allotments About two million farm volunteers will be recruited from non-farm youth for farm work during the spring and Summer months

RICE, BICYCLES

Rice is not rationed the OPA has reassured consumers Another announcement by OPA stated that prices for used bicycles will be substantially reduced in the near future.

MORE RUBBER FOR RECAPPING

Owners of tires smaller than 7.50 by 20 now may get their casings recapped with reclaimed rubber "camelback" without applying to their rationing boards for certificates This does not relax the need for continued observance of rubber conservation measures The change was made to reduce the demand for replacement tires by encouraging recapping which takes less than half as much reclaimed rubber as a new war tire.

FARMERS GET GAS FOR SIX MONTHS

Farmers may obtain gasoline for their tractors, engines and other non-highway equipment for a period of six months instead of three months, under a change in rationing regulations announced by the OPA

The change is being made because of the variability of farming operations which frequently make it difficult for farmers to estimate their requirements for only a three month period It will also save the farmers time

SIZE OF ARMED FORCES

President Roosevelt said the goal of 7,500,000 men in the U S Army by the end of 1943 was decided on in Archangel has never been changed and will not be changed The total for 1944 he said will probably be decided this fall This year's army goal also calls for 700,000 officers which would make a total of 8,200,000 men in the army Adding the goals set for the other armed services the grand total of all our armed forces by the end of 1943 would be almost 11,000,000

OUTLAW "COMBINATION SALES"

Sales of used wheel tractors, combines, corn pickers, corn binders or power operated hay balers in combination with other used farm equipment or commodities have been prohibited by the OPA Numerous complaints have been received that the combination sales device is being employed to force farmers to pay exorbitant prices for such items The scheme used is to sell an uncontrolled machine of little value jointly with a controlled item at a price which greatly exceeds the ceiling for the machine which is under price control.

CHANGES IN TIRE QUOTAS

The National quota of grade 1 passenger tires for March has been practically doubled The increase will take care of accumulated applications but will not be continued in succeeding months The quota of truck tires for March was reduced as compared with February but the truck tire recapping quota was increased

SMALL BUSINESS GETS CONTRACTS

Thinking of the [illegible] to be supplied [illegible] 568,770 were returned [illegible] recently by the [illegible] corporation In addition [illegible]

Striking A Responsive Note

Indicative of the spirit with which Americans will respond to the 1943 Red Cross War Fund appeal is this poster by Wendell King, noted illustrator. The cheerful individual pictured is proudly displaying the new Red Cross lapel tag, made from paper to help conserve metal for the war effort.

Four-H boys and girls throughout North Carolina are mobilizing for food production and conservation R W. Murdock, assistant county agent in Durham County, reports an attendance of 800 at two meetings Onslow county reports a 30 percent increase in membership

to the procurement agencies 1,191 firms who received business in the amount of $195,000,000 during the last 60 days
