OUR DEMOCRACY

by Dick

His foresight, his courage, his perseverance are today and for all time to come, an inspiration to all who believe in and fight for democracy.

GEORGE WASHINGTON.
FEBRUARY 22, 1732 - DECEMBER 17, 1799.

Well, howdy folks, how's the weather treating you all? Nice playing boys, winning the game Thursday and Friday showed that K. M. has a team worth talking about. But its tough seeing you all home Saturday night to Hatterfurd.

What about those Grover boys coming over Sunday to see the ill youngsters—right away—oh, what? And guess what—Bobby dated some out-of-town boy Sunday. She didn't ever come to church.

It seems that the joy is being looked upon by the wolves of K. M. Wolves, what's wrong with Charlotte, running out of women, or what?

I see that "Tostie" is giving a dance tonight. I hope it turns out good. As you know next dances don't. I see that an awful big stag line has been formed. Now all we need is women. K. M., I see, doesn't have them.

I hear that the club that was formed for boys only is getting along pretty well. All boys in K. M. should want to belong to such a club. As you know I can't belong to it. I sure wish I could.

You girls should start a good, down right decent, no boys, only girls club. It might do you good to get together and spread the foul news of K. M. around. Or do you all have such a club? I ain't as spry as I used to be so I don't rightly know.

Why don't you girls hook up a boy apiece? Huh? It would be a lot better than running loose as you all are doing now.

Well, there has been no good news in the last week—well, not much, so I'd better stop for now.

GOOD ADVICE TO ALL. Stir up dates, and throw a few dances. K. M.'s a dead town, let's live it up little.

Well, adios, goo bye, and all that sort of stuff 'til next week.

FARM BRIEFS

More than 20,000 farm tractors were produced in December as compared with 4,200 in the same month in 1942, reports the Office of War Information.

Catgut is needed in all hospitals. Many veterinarians are using sutures of specially prepared cotton and plastic materials.

There's a place for the knocker but it's on the outside.

WAR BONDS are the safest investment in the old world.

EVERY EXTRA CORD OF PULPWOOD BRINGS VICTORY NEARER

Right now one of the critical war-material shortages is pulpwood. And this shortage can be overcome. There is plenty of pulpwood to be cut. The woods are full of it. The only problem is to get it out.

Cutting Pulpwood Is An Essential War Job

If you are in a position to get out some pulpwood—and every cord helps—you can contribute that much to an early victory and be well paid for your work. The nation looks to you for help! For information, ask your local pulpwood committee.
