

**R. & M. MOTORS NOW OPEN**

R. and M. Motors, successors to Rowland Brothers Motor Co., Dodge, Plymouth and Dodge Truck Dealers, is now open for business at the same location and will appreciate the opportunity of serving our owners of Kings Mountain and vicinity. A complete stock of parts has been installed and a service department that is unexcelled is now in operation. The firm will do all kinds of auto repairing with special emphasis placed on Dodge trucks. Both electric and acetylene welding will be done.

Mr. John B. Rowland, the owner is already well known here, and he states that he is glad to be back in Kings Mountain after being engaged in defense work elsewhere.

G. O. Jackson, for many years manager of the Cleveland Motor Co., local Chevrolet dealers, is connected with the firm and he invites his friends to visit him in his new position.

R. and M. Motors will do all kinds of repair work to all makes of cars, deal in the buying and selling of used cars, and render real service to the motoring public.

Mr. Rowland said, "We are here to give our customers and will appreciate a visit from them, if it is a car trade, or to buy or sell, we'll be glad to render the best service possible."

**Special Services At Kings Mountain Mission**

Special services are being conducted all this week and next at the Kings Mountain Rescue Mission which had its formal opening Saturday and Sunday. Meetings are to be held each evening at 7:45 with Dr. J. L. Gregory bringing the messages. Special music will be rendered by the Gospel Trio. The public is cordially invited to attend the special services.

Those in charge of the mission were extremely well pleased with the opening last week, and stated that a full time secretary has been employed and when their services are needed to call 317-J.

**FACULTY WINS DOUBLE-HEADER**

Faculty members of Kings Mountain High School won a double header in the annual faculty-student basketball game played Tuesday night in the high school gymnasium. This, according to the records, is the first time that the teachers have proven themselves better goal throwers than their pupils, and they proved it to the tune of 32-29 for the ladies and 60-32 for the men.

The star player for the ladies was Mrs. Charles Thomason, Jr., who accounted for 12 of the points made. Line-up was "Miss" Donnie Parker who would probably have made more goals if "she" had not been hampered by her long bob which had been washed so recently she could do nothing with it. The outstanding guard on the faculty team was "Miss" Ernie Huneyutt, who held her position so gracefully that not a curl of her beautifully set blond hair

**Colored Folks Go Over Top For Red Cross**

The colored folks of the Kings Mountain area have set a record for their white friends to strive to attain in their response to the Red Cross War Fund. A total of \$442.83 has already been raised and some more is to be added according to Mr. Charles Thomason, Chairman of the colored group who was ably assisted by Rev. E. J. Davidson. The colored citizens are doing their part and if the white contributors come across in the same way the \$10,000.00 quota will be raised.

Both Mr. Thomason and Rev. Davidson were lauded in their praise for the exceedingly fine contributions made by the colored citizens. Unusual praise should go to Dorothy Rebecca Miller, 10 year old girl, of the Ebenezer Church who secured 55 contributions for a total of \$34.30. This young girl is to be congratulated on her outstanding record, along with all other workers and contributors from the following colored churches and schools:

**THREE MORE ON HONOR ROLL**

Through an error when the list of pupils at West School who made the honor roll for the first six weeks of school three names were omitted. The Herald is happy to add the names of Marvin Leigh Yarboro, Eddie Goforth and Earl Marlowe, who not only made the honor roll but also had perfect attendance records.

**AN NOUNCEMENT**

I am now definitely a CANDIDATE for the STATE SENATE in the coming SENATORIAL ELECTION.

I desire the opportunity to serve my COUNTY and STATE in the SENATORIAL ASSEMBLY. My experience as a MEMBER and in the INSURANCE BUSINESS and a life long worker in the ranks of the DEMOCRATIC PARTY together with my various business connections have equipped me with the KNOWLEDGE of the needs, the conditions, and the aspirations of our people. I have never before asked for any honor for myself but have been content to devote my time and energy in promoting the welfare and aspirations of our people and I have been clearly identified with every progressive movement for the advancement of the EDUCATION, EDUCATIONAL, POLITICAL and CIVIL life of our TOWN and COUNTY, giving of my time and money according to my ability to contribute.

Some few years ago, I started one of our CITY SCHOOLS TEACHERS who is also PHYSICAL EDUCATION DIRECTOR and I have one child. I am tremendously interested in the cause of PUBLIC EDUCATION, and if elected I shall advocate liberal appropriations for supporting, enlarging the scope and improvement of our educational system.

I shall cherish my people concerning all important LEGISLATION affecting their interest and to all matters I shall be guided by the WISDOM of the SENATOR.

THE SENATE HAS been elected as an advisory council and the majority of the time to enable the STATE to meet its fiscal obligations. The STATE collects over \$10,000,000 annually from the taxes. The STATE now has a surplus of over \$1,000,000. Without the SENATE TAX the STATE could not be maintaining a surplus of over \$1,000,000 annually. In the face of rising FINANCIAL TAXES, the STATE is in the face of STATE IN AN ADVANCED emergency. I shall to company the good and I shall advocate the removal of the SENATORIAL TAX.

I am greatly appreciative the support and influence of my friends throughout the county.
