HERE AND THERE
Haywood E. Lynch

Recently I had the pleasure of meeting two very unusual gentlemen. They were G. F. "Fed" and J. B. "Babe" Tambricht, 24 year old twin brothers of Glover, S. C. The young brothers were to Bob Tribble's Barber Shop getting haircuts and shaving for their daughter and union, Mrs. B. Q. Weaver. Mr. Babe with a twinkle in his eye, said, "We have the same birthday, but I am older, as I was born about 30 minutes earlier." Mrs. Weaver refers to the men as her "two popes." The two gentlemen were much gayer and more alert than you would expect of those who are just 10 years short of a full century.

Kings Mountain has several reasons to be very much interested in the growth and program of Gardner Webb College. First, Byron Keeter, Glee Bridge, Joe Lee Woodward and A. G. Sargeant are members of the Board of Trustees. Second, Joe Lee Woodward is President of the Alumni Association. Third, for many years D. F. Hoed, during the trying years of the College, was a member of the Board of Trustees. Fourth, the President of the College, Phillip L. Elliott, lives in the home of Rebecca and Ladd Hamrick, at Belling Springs.

I enjoy flowers about as much as anything I know of, and there are certain folks who select their favorite flower and you usually associate that person with that particular flower. A few I can think of right off hand are: Mrs. S. A. Mauney, poppies; Mrs. Grady King and Mrs. Jim Herndon, iris; Mrs. Carl Mauney and Ned Moss, roses; Mrs. A. B. Cobb, Azalea, Luther McGowan, tulips, and thrift; Mrs. Grier McDaniel, carnations, as for me I like them all.

MILLIONS HELPED BY POPPIES

Many people have wondered what will become of the money collected by the poppy workers Saturday, May 23. I wish everyone could see what they have done for the children of our country. The money is being used to help the children of our country who are in hospitals in other parts of the world. There are things which the government cannot provide such as the understanding and the personal attention that so often helps a disabled man and which often helps to keep a family together when the chief breadwinner is incapacitated.

"This is what the money from the poppy sale helps to accomplish. And we hope that this year more and more people will buy the poppies and show their interest in and their sympathy for the men who have fought for them and are now struggling to get back to the point where they can again become self supporting."

The need is much greater this year and we should be conscious of this and more determined to do our bit by buying a poppy than ever before.

Last year showed a substantial increase of sales over previous years and let's make this a record year.

Purchase a poppy for 25 cents if possible, if not, buy a 10 cent poppy, but BUY A POPPY.

WAR BONDS
in action

The days of war are of many kinds but alike in faithfulness, loyalty and bravery.

At least 15 Liberty ships are used to move an armored division over sea.

THE "SPIES"

All of the Junior and Seniors had a grand time at the "Dance and Dinner" Friday night. And we want Miss Suggins to know that it was great.

Most of the boys didn't have dates but by the way, it looked like the girls didn't mind. But those who had dates were Doris and J. T., Mable and Otis, Marion and Max, etc.

After the dance nearly everyone went to the show. We also noticed that lots of the Junior boys had late date with some of the 9 and 10 grade girls. For example: Terry and Avis, Jackie and Smyre, Betty Hays and Bill Moss, Jimmy and Frances White.

We saw Gene taking Tom's picture early. What's the matter old man, retreating? And did the square dance out late. You bet. The girls should have let up a bit and went in early for on Saturday you should see the square dance.

Younger set, we add a new couple to the list. Sid and Geraldine. We did not know you had it in you, Bud. I. P. seems to be taking Gastonia. Seems these day, watch out there, I couldn't slip over there too much. Herndon can't make up his mind either because Jenn W. talks about Charles before him. We still see Dickie and Noah, Gene and Dork, Jackie and Smyre, and by the way, it was long until Henry and Charles came home. B. T. looked to meet Tuesday night. Boy, would I love to date him. Poor old Spivey, but I guess he knows what he is doing.

Doris, why dont you make up your mind? I'll tell you somebody who has really been working for an love-one, and that is Houston Black. Good work old boy. David, how are you and your love lights getting along? Why don't you boys give Otis some competition?

Well, until next week, So Long—P. S.—Smyre is going to have a dance.

Keep your ears open, also your eyes, but keep your mouth shut and be wise!

BONDS OVER AMERICA

Devil Dog G. H. Q.

Since 1918 when Franklin D. Roosevelt was Commander in Chief, the evidence now on the Navy Yard, Washington, D. C., has been the home of the man who directs the United States Marine. From the halls of Mount Vernon to the shores of Tripoli.

Marines, soldiers and sailors are saving all parts of the world these days and not through a pocket. We expect them to take strategic positions and hold them. They expect us to buy War Bonds and Hold Them.
