

GRANDMOTHER'S BOND WITH THE FUTURE - WAR BONDS

EMBLEM OF THE GRANDMOTHERS LEAGUE

WASHINGTON, D. C.: "Grandmother's Bond with the Future—War Bonds" is the slogan of the Treasury's new campaign urging grandparents to buy Bonds and Stamps for their grandchildren. The official emblem is the old-fashioned sampler reproduced above.

The Grandmothers League was founded by Mrs. George C. Marshall, wife of the Army Chief-of-Staff, who bought Bonds from Secretary Morgenthau for her three grandchildren. Mrs. Marshall suggests that grandparents insure their grandchildren's future by buying Bonds or starting stamp albums for them.

It's Hard to Believe

The name "Jehovah" is one of the most extraordinary words in all the world. It is the English form of the Hebrew JHVH (also written IHVH, JHVH, YHVH, YHWH), which represents the "unpronounceable name" of the Almighty.

Farm Ponds

The technique of farm-pond management is much more left to chance. By proper fertilization the productive capacity of ponds may be substantially increased, the gain in fish production ranging from 50 per cent in naturally poorer waters to a three-fold increase in ponds draining rich soils.

SOUTHERN BELL

Has Not Profited

BY THE WAR

Financially the telephone company has not profited by the war. The rate of return on the amount of money invested in telephone plant in North Carolina is now the lowest in the last twenty-two years and is still declining.

While the prices of practically everything, including the costs of furnishing telephone service, have gone up, telephone rates have not increased—on the contrary long distance telephone rates have been reduced, resulting in large savings to telephone users in North Carolina during the past three years.

The schedule of pay of telephone workers is the highest it has ever been. At the same time rates have increased tremendously. Since our entry into the war in December, 1941, the telephone company has paid out more than \$6,600,000 for federal, state, county and municipal taxes in North Carolina.

Though the telephone company is doing the largest volume of business in its history it is making less than 3½% on its investment in North Carolina.
