To the People of this Community

There will be a feeling of shame in this community if we find ourselves short of the mark when the Fifth War Loan comes to an end July 8.

We will not permit that to happen here, especially if we look around in our homes and our pieces of equipment and see the shadows of relatives and friends who today are in the midst of bloody battle for us.

We cannot emphasize too strongly that regardless of the size of the over-subscription of our community quota, the Fifth War Loan will be a flat failure for you if you do not succeed in getting your share in the past in War Bond buying.

In this invasion hour our fighting men have a right to demand that you make your record contribution to the success of a war loan drive. The slogan, **Buy More Than Before**, is not merely a catch phrase. It expresses the cold facts about invasion. Unless we make the supreme effort to do everything humanly possible either at our work benches or in our homes, with our sweat, our blood and our dollars we hand over our share of the burden of our fighting men.

WAR BONDS
 (By Joe Ann (Roots) Walker)

I wonder why the people of old were not as they are today.
 I wonder why they changed so much for better from worse they say.
 Yet it seems to me it was better back then when we didn't have money and such.
 For we fight today to get all we can because we have so much.

I wonder why there ever was a God many or a Japan.
 With rulers that want everything at their very hand.
 I wonder why they started the people of Belgium, Greece and France. You know where we should put that WAR STAMP! Right on the seat of their pants.

Take your dimes, quarters, and dollars and buy WAR BONDS TODAY. No matter how large, no matter how small to help the U. S. A. Don't grumble about the things you lack, think of others first. Then you'll see the shape the world is in now and wonder if it could be worse.

Yes, it can be worse, we know it can as we have seen in the past.
 No matter how good, no matter how bad, its always worse at the last. Grin and bear it and never grumble, take the bad with the good.
 If you Buy War Bonds you'll be doing right and doing what you should.

RICHES WITHOUT WEALTH
 The true riches of body, mind, heart and soul are not dependent upon material wealth—they are as free as the air we breathe, they are ours for the taking.

Riches of the Body: Clean, white sheets. Blessed sleep. The health-building rays of the sun. Pure, sparkling water. Hills to climb. Streams to fish in. Hair to sing in. Warm whole some food. The perfume of flowers. The aroma of coffee. Chairs to relax in. Invigorating air to breathe. The cozy warmth of the open fire.

Riches of the Mind: All the thoughts that men have written down in books since time began. All the masterpieces that men have expressed in painting and sculpturing. All the ages, deathless music of the masters. All that has been learned about the body and mind of man, the earth beneath our feet, and the farthest star in infinite space.

Riches of the Heart: The consciousness of being loved. The gift of friendship. The joy of planting smiles on the faces of little children. The laugh of a baby. The radiant glow that comes with giving counsel to a selfish novice to others.

Riches of the Spirit: The deepest, spiritual life in being in tune with the infinite. The implication of partnership with God in the unfolding of a better world.—The Friendly Adventurer.

E. E. "Center Service" Marlene read the speech in my column about it always coming after I had my car washed, so he called me and said he wanted it to rain so bad as I did and would gladly wash my car and if it rained within 24 hours the job would be done. We traded and even though it did not rain within 24 hours I think it helped because Saturday night passed down.

Jim Herndon met two of the three Pink Striders, W. F. and M. P. on the street the other day and asked them which one of them the battleship "Herndon" which had recently been sunk, had been named for. Both spoke up and said the ship had been named after them. Jim laughed and said, both of you are wrong it was named after me.

County Auditor Charlie Dilling had a very pleasant experience for his 4th of July. He boarded one of the big Southern freight engines here and rode it to Blackburg, S. C. Outside of getting a few "cinders" in his eyes, Charlie had a very good time, including blowing the whistle.

I had a very pleasant chat with Mr. and Mrs. W. A. Frederick at the Kings Mountain Foundry the other day. They have as their guest Mr. George Dickerson of Goldsboro, my old home town, and as Mr. Frederick lived in Goldsboro for many years we had a good time talking about the good old days in the Wayne County Capital.

By the way the Fredericks have on their telephone in their office the "loud" colored card to keep the line from becoming tangled.

Seen On My Route: Syron Keeter and Jim Herndon going into the drug for a cube.
 John Pink in the bank.
 McLean in front of the Post Office.
 Monday Mowhead sitting on his porch.
 Milton Ruth dressed in slacks.
 "Red-eye" Huggins taking life easy in front of the Center Service.
 Alexander driving a taxi.
 Big pile of watermelon and cantaloupes side of Otto Fells' Service Station.
 Byron Keeter and Jimmy Harris hawking.
 Kyle Lynch getting a mousetrap.
 F. D. Patrick getting some air put in his tires.
 Fred Pink coming out of the City Hall.
 Peter Merrill going into the bank for a conference with Frank Sumner.
 Charlie Williams and Eddie Smith talking on the street.

THE SPINNS

Well, after our week's vacation, we return !!!
 Everything seems to be the same—nothing ever happens in K. M. (Are we kiddin'?)
 We bet Marion was disappointed when "Peeter" didn't come home when she did this week end!! You too—eh, Jennie?
 Speaking of "Peeter" when did Sarah Herndon's heart jump to another side? Cute boy you had with you this week end, Sarah!
 We heard "Toots" had a wonderful time in Knoxville last week. Glad to have you back!
 Beulah and Jess W. seemed to have a wonderful time at Mountain, too. It seems Jimmy was kept busy writing letters.
 It seems David N. dated Makie Friday night and went to Winston-Salem Saturday. Why don't you make your mind up, David?
 Speaking of the other part of the Neill family—Robert was certainly glad to Frances!
 We wonder what Terry finds so interesting in Hendersonville? We bet she is cute.
 Watch out Jackie, Mildred Mae is playing for Johnny P. and we can't leave that—see way get mad.
 We not so sure of all this because we only heard—
 But just to be certain we'll take their word!!
 See You Next Week!!

Get Wash
 Getting the wash is the first step on washday, but a preliminary aid is to see that none of the clothes are ever permitted to become heavily soiled. It is obvious that the dirtier a garment or piece of household linen, the more action it will take to rid it of soil. Conversely, the lighter the soil, the less work in doing the cleaning.

ARE YOUR POCKETS STRIPPED FOR ACTION?

The new hour all over the world. The big push we've waited for so long.

This is the time for belts to be worn tighter. For pockets to be smaller. For every last American to wad more dollars out of his pocket than he thought he could spend.

The U. S. Treasury needs \$16,000,000,000 right now! \$16,000,000,000 from individuals alone. That's more than \$100 in each from every wage-earning person in the country! We're going to have to double what we did last time!

Just to show you the seriousness of this drive, our Government says—it's probably the biggest effort we've ever to call upon to assist.

Don't let the boys who've got the duffel, the duffel fighting all ahead of you. Buy Bonds as if the battle depended on YOUR CONTRIBUTION!

Back the Attack!—BUY MORE THAN BEFORE.
