A DEED AND A WORD

A little stream had lost its way
Amid the grass and fern;
A passing stranger scooped a well,
Where weary men might turn;
He walked it in and hung with care
A lily at the brink,
He thought not of the deed he did,
But judged that all might drink
He passed again, and left the well,
By summer never dried,
Had cooled ten thousand parching
tongues.
And saved a life beside.

A nameless man, amidst a crowd
That thronged the daily mart,
Let fall a word of hope and love,
Unstudied, from the heart;
A whisper on the tumult thrown,
A transient breath—
It raised a brother from the dust,
It saved a soul from death.
O germ! O fount! O word of life!
O thought at random cast!
Ye were but little at the first,
But mighty at the last.

—Charles Mackay.

**THE FIRST NATIONAL BANK
GOES FORWARD**

The First National Bank of Kings Mountain was organized in 1860, and during the past forty-four years has been a big factor in the growth and development of Kings Mountain and surrounding rural area. During this almost half century span of service the financial institution has had only three presidents, namely, W. A. Massey, who served from the organization until 1897, and D. M. Baker who served from 1897 until he was succeeded by the present president, F. R. Summers in 1942.

The announcement in this issue of The Herald of improvements in both the personnel and equipment is in keeping with the many years of progressive service.

The present officials and directors are to be commended upon their endeavor to continue to follow sound banking principles and keep abreast of the times to enable this strong two million dollar institution contribute to growth and expansion of this community.

MORE ABOUT HOSPITAL

We were happy to be present at the Kiwanis meeting last week to hear Dr. J. L. Prentiss of Statesville relate the "other side" of the picture in regards to a hospital for Kings Mountain. It will be remembered that several weeks back another speaker gave his views and opinions about a hospital in a small town.

Club members and others interested in the hospital now have both sides of the picture and are in a better position to make a decision.

A hospital is a big undertaking, and before definite decisions are made, it might be a good idea to have other speakers in to give local citizens the benefit of their experience and knowledge.
