EGG PRICES

Steps have been taken by OPA to equalize egg prices charged by retail route sellers with community dollar-and-cent prices charged in stores. It was announced yesterday by OPA District Director L. W. Driscoll. Formerly, mark-ups on eggs sold by retail stores, were based on current prices. These sellers will now apply their mark-ups to the preceding week's prices, the same method used in establishing community dollar-and-cent prices, Mr. Driscoll said. The new pricing methods are intended to apply primarily to processors and whole-salers of eggs and eggs products.

PASSENGER TIRE ELIGIBILITY. Regulations governing the eligibility of motorists for Grade 1 passenger tires have been readjusted, it was announced in Charlotte by OPA District Director L. W. Driscoll.

In the future, motorists using their cars for a bona fide change of residence for which they have been issued special gasoline rations, will be eligible for the certificates.

Mr. Driscoll said the change was designed primarily for the following three groups:

- 1. War workers moving from one city to another as production shifts from one type of war goods to another or shifts to civilian commodities. 2. Members of the armed forces moving to a new post. 3. Discharged veterans returning home or moving to another city to accept a job.

Sgt. Rawles Is Assigned To Occupational Force

15TH AAF IN ITALY. — Sgt. Wood B. Rawles, 21, grandson of Mr. and Mrs. W. H. Jenkins of 103 Parker street, Kings Mountain, N. C., has been assigned to the occupational air force in Europe as a member of the 99th Bombardment Group, a veteran B-17 Flying Fortress unit of the 15th Air Force.

Sgt. Rawles, who has served overseas in Italy 18 months, is a photolab technician.

The 99th Group is now assigned the task of maintaining the peace of Europe after assisting in winning the victory. During its more than 28 months of action overseas in Africa and Italy, the group participated in 395 successful bombing missions against enemy targets.

More than 5,000,000 pounds of bombs were dropped on enemy installations in Africa, Sicily, Italy, Germany, Austria, Hungary, Roumania, Greece, Yugoslavia and Czechoslovakia.

The Distinguished Unit Citation was awarded the group for outstanding performance on a mission of July 5, 1943, against a Nazi airfield at Gerbini, Sicily. A cluster was added to this citation following the group's blasting of an important enemy target at Wiener-Neustadt, Austria, April 23, 1944, against heavy opposition of Jerry fighters and anti-aircraft fire.

The group participated in the first shuttle bombing of the axis between Italian and Russian bases in June, 1944. It also took part in the bombing of Berlin on March 24th, last, the longest combat mission ever flown by Flying Fortresses. Among targets hit by the 99th were some of the most heavily defended in Europe, including such places as the oil installations at Ploesti, Roumania, Munich, Germany, and the Brenner Pass route.

Flowers Aboard "Toddy" On 100th Combat Flight

FIFTH AIR FORCE, P. I. — Staff Sergeant Walter D. Morrison, son of Mr. and Mrs. Robert R. Flowers, of Kings Mountain, was recently a member of a combat crew that flew "TODDY", big four-engine bomber of the 380th Bomb Group Flying Circus, in its 100th combat mission in the SWPA.

The big Liberator flew its century run over Formosa, delivering a devastating blow against Jap installations there. Fires were seen burning for miles, and Sgt. Morrison claimed it was one of his most successful flights.

The most hazardous trip he made over enemy territory of the 22 he has flown to date was in a strike made by the entire group to Saigon, important Jap shipping port in French Indo-China. After being holed by ack-ack over target, his ship was intercepted by enemy fighters, and in the ensuing battle the squadron was credited with one destroyed and two others damaged. The concentrated fire of gunners in the formation drove off the interceptors and the mission was successfully completed.

Regarding the ship he flew on its century trip, TODDY, by name, the big Liberator is a veteran in combat activities in the SWPA. It had taken part in the New Guinea campaign, and struck at Cape Gloucester, with the Bismarck landings, at Hollandia, Aitape, the Admiralties, the Halmahera, Morotai, and other spots up and down Jap lanes in New Guinea. Now with the Flying Circus moved up to the Philippines, TODDY, has taken part in raids over Formosa, Indo-China, and targets on the China coast.

Sgt. Morrison before his entry into the Air Corps was employed by the Park Yarn Mills. He has been authorized to wear two bronze stars on his Asiatic-Pacific theatre of war ribbon and has been awarded two Air Medals for meritorious service in combat flying.
