## AMERICAN HEROES

by WOODY COWAN

**BOATSWAIN ALBERTO GALZA**, Baltimore, Md., well deserves his Merchant Marine Distinguished Service Medal. When the SS Delisle was first torpedoed, he rescued the wounded third mate. In the second torpedoing, the Master of the ship was pinned down by a cargo boom. Galza cut him free and lowered him to a raft just before the ship sank. War Bonds bought and held will provide ships and gear for the Merchant Marine.

**TURPENTINE SERVES**  
Turpentine, taken from Florida trees for decades, contributes to the war effort both as a necessary chemical and as an asset to insure payment of War Bonds. Still it is only one of Florida's varied products that feed and equip service men while adding to financial resources behind your bonds. China, glassware, insulation, cotton goods and vegetables, valued at over 300 million dollars annually are purchased by world markets. After the war the demands will increase.
