An Emergency Appeal

From Our Millions Still In Service

YES, the war is over . . . but not the work of several million G.I.'s!

Ask any soldier what "Occupation Duty" means—and he'll tell you it may be the most important job in the army right now, but one of the dreariest ones.

He'll tell you the novelty wears off soon, being in a strange country among strange people. That the Main Drag in Tokyo or Berlin can't compare with Main Street in Topeka or Boston.

There are millions of boys thousands of miles from home who'd give anything to listen to an American song, hear American jokes, or talk to an American girl again.

That's why the U.S.O. cannot and must not quit. Your dollars must keep it going. For if ever those boys needed a lift and a laugh, they need it now!

The need is so urgent that General Eisenhower asked U.S.O. Camp Shows to quadruple its activities after V-E Day to take care of the boys in Europe. And similar entertainment plans have been made for our forces in Japan and throughout the lonely Pacific outpost.

But that's not all . . .

U.S.O. Camp Shows also entertain the troops in transit . . . at debarkation and separation centers. U.S.O. Clubs and lounges in the States, Alaska, Hawaii, the Philippines, and many other bases, give the boys "a home away from home." Some 500 U.S.O. Clubs are located near military hospitals . . . and special Camp Shows tour the wards . . . to keep the wounded on the sunny side.

Yes, millions still in service are depending on YOU for a bit of cheer. For a large part of every dollar you give to your local Community Campaign goes to support the U.S.O.

The need is greater than ever. So try to give more than ever, won't you? Show the boys you haven't forgotten them!
