Miss Lula Ann Furr from Concord was a week end visitor at Nebo. John Sipes from the Navy has an honorable discharge.

Lee Reynolds went to Charlotte Monday on business.

We are very sorry to learn that D. Guyton has been in the hospital for an operation.

Run upon Joe Mauney at the P. O. Joe said he bet I didn't know him. Why, I knew his daddy. He and I are good friends. Of course, I mean Doris.

Robt. Parrish showed me an egg from his poultry yard that weighed 4 oz. Four of those weigh a pound, you know.

Speaking about dogs eating eggs, a well fed dog wont eat eggs.

A soldier sold me he saw Japs eat rats, cats, and some kinds of snakes.

Sabbath means rest. God rested after creation and ordained the Sabbath as a rest for man and beast.

How are we observing it.

Everyone should own a comfortable bed and a well fitting pair of shoes, because we live in one or the other all our lives.

Judge: "Sambo, have you a lawyer."

Sam: "No sir. I've decided to tell the truth."

I can write about what happened yesterday, but not tomorrow — because tomorrow belongs to destiny.

Too many people itch for what they want but wont scratch for it.

I heard a darkie ask another darkie, "how's your wife coming along with her driving?" "Oh, well she took a turn for the worst yesterday.

Yes sir, Yes sir, how's your folks?"

I asked a school boy if he know what agriculture was. Well it's about the same as farming, only in farming you really put out.

The more one humbles to certain folks, the less respect they have for us. So keep your head up.

Show me a people whose trade is dishonest. I'll show you a people whose religion is a sham and a shame.

I said to a little school girl. I wonder why a lady can't catch a ball like a man. Mister, a man is so much bigger and easier to catch.

Time is ticking away, Soon you and I will find traveling time gone.

For time will not linger when help less we lie,

Staring death in the face, we'll take time to die.

Then time will be lost for you and I.

Mountaineers Bow By 39-0 To Strong Forest City Team

In spite of a steady downpour, a fair-sized crowd saw the Mountaineers lose their first conference game of the season by the score of 39-0 to the Forest City squad, which outclassed and out-played them last Friday night at Forest City.

Because of a fumble in the Kings Mountain backfield, Forest City scored a safety in the first quarter, Tommy Poole, Forest City full back, made a touchdown, and Howard James, back, intercepted a pass on Kings Mountain's yard line and ran for a touchdown.

The outstanding feature of the second quarter came when C. C. Edens of the Mountaineers ran back Forest City's punt 25 yards.

Tommy Poole scored again in the third quarter for Forest City.

Three touchdowns and an extra point in the fourth quarter brought Forest City's final score to 39. During this period, Smith and Medlin of Kings Mountain were removed because of injuries. They were replaced by Humphries and Wilson.

The manager of the Forest City team said that Owen Cole, center, was outstanding in the line and every one was good in the backfield.

Coach Seitz of Forest City said that Kings Mountain has a good, clean team.

Coach Donald Parker of Kings Mountain said that Neil and Dettmar were outstanding in the line and everyone was good in the backfield under the prevailing conditions.

The line-up was as follows: C. Kelly, LE, T. Moss, LT, W. Harmon, LG, B. Medlin, C. R. Boheler, RG, R. Neill RT, B. Dettmar, RE, C. C. Edens, Jr., BB; L. P. Stowe, Jr. LH, R. Smith, RH, B. Cashion, FS.

Americans have a word for it

Bill Larkin's boy, who's back from overseas for good, was telling us about the funny customs and the different languages of European countries.

One thing he noticed is that in so many of these countries there is no word for "home." "Home," yes... or "building." But no name that stands for what we mean when we say home.

"In spite of the fact," says Bill, "that it's the most important thing there is... a place where you can take your shoes

off and let down your hair... enjoy a glass of beer before the fire and relax with folks you love!"

From where I sit, that may be an important difference between this country and some others. The conception of home as a place of tolerance and sacred loyalties—where differences of habit and opinion give way before love and understanding! Yes, we Americans have a name for it!

Here's Work For the Future

WE WANT every North Carolinian to know our future plans. For North Carolina and the Telephone Company have been working closely together for many years.

"What's coming up?" Quite a lot—the greatest expansion program in the history of the telephone in North Carolina as soon as materials are available.

It means spending millions of dollars to provide telephones for all who have been waiting for them. This is one of our first jobs! A greatly expanded telephone program for our farmer friends is also in process. Expansion of long distance service is being scheduled too. It will include the installation of coaxial cables to handle more calls with speed and convenience for you; and provide more facilities for that exciting visual art—television. A mass of construction is to be done and a new service to motor vehicles is also in the offing.

What does it all add up to? For one thing, it means more opportunity for the returning veteran, for all North Carolinians. It insures an adequate telephone system for North Carolina and that is essential to the state's growth. Each gives impetus to the other, as our friendly relationship has in the past.

More work for the future. That's what it means, when you analyze it, and North Carolinians have a knack of getting at the heart of things. They like to see the marshalling of Men, Money and Materials; that American combination which put North Carolina out in front, and keeps it there.

Yes, there's prosperity in work. And prosperity means happiness for North Carolinians. As for the 3,718 men and women of the Telephone Company in North Carolina, we face the future with confidence!
