It appeared in last week's column that D. Guyton was in the hospital. I said Deputy Guyton, Jr. We are glad he is much improved.

Young folks have visions; old folks dream dreams. I dreamed Soldier Holland Horn came home from Germany. Well, he did, and his wife met him on the bridge not knowing when he was coming. He came that very night, she had a vision he was coming.

This would be a much better world if everyone attended to his own business he wouldn't have so much to do.

I knew a fellow that never said a word because he never heard a word he was deaf and dumb.

I find some women are awful struck on themselves. It gives them the swell head to know they are so beautiful, really they are fooling themselves.

The difference between a man and a horse—a horse stands up to sleep—a man lays down to sleep. When a horse dies he's dead. When a man dies there are only two places and one of those is across the Isle.

When I was a young sprout I took a girl to a house party. It was the height of fashion for ladies to wear bustles and hoop skirts. We were dancing a set. She lost her bustle. They stopped the fiddling and dancing for a moment. The bustle was as big as a quarter sack flour padded with several pounds of cotton.

There's a land the world has forgotten. It's a great land of surging cold water streams, snow-capped mountains, frozen lakes, dense forests, etc. A land of fabulous wealth, silver, gold, timber, furs, coal, fish in endless numbers, the largest polar bears are here found that are not found anywhere on this continent. It is a vast land of snowy, frozen waste, raging blizzards, volcanoes and lighted only the great northern lights: It's a land where the sun rarely shines. The scenery is beautiful, covered in Eskimo snow huts. It's a land of breath-taking beauty — that land is ALASKA!

CONSTIPATION Is the cause of MUCH SUFFERING

Constipation may cause no symptoms for a long time, but unless corrected will finally impair the health. Symptoms associated with advancing constipation are loss of appetite, heavily coated tongue, tired feeling and mental depression. Headache, dizziness, anemia, and skin disturbances such as acne, are commonly experienced. In severe cases, migraines and joint pains occur. Indigestion, with gas formation and colic, anal piles and fissures frequently add to the discomforts of severe chronic constipation. No matter how many other medicines you may have tried for constipation, we urge you to try B-L PREPARATION, with the understanding that B-L PREPARATION must bring you satisfactory results or your money back. A MESSAGE FOR PERSONS LIVING IN RURAL AREAS

Rural telephone service is more highly developed in this country than anywhere else in the world. We are developing a wide-range program to further extend and improve service to rural dwellers in the South.

As soon as conditions permit, the necessary manpower and equipment will again be put to work on the job of expanding rural service—just as we were busily engaged in expanding this service prior to the war.

The goal is to bring the telephone to the greatest possible number of farm families.
