

POWER *and* LABOR

Once man labored alone . . . and produced little. His mind was just as keen as it is today; his determination, just as grim. But he was chained to the limitations of his own physical strength.

Then man discovered power. He found an energy in the world that would work with him and for him . . . an energy that had been there millions of years, waiting for man to realize his need.

And today, though he labors no harder than his ancestors, man with his mighty ally performs miracles of production.

Not all of the power in the world has yet been discovered by all who labor in the world. There is an unlimited Source of spiritual energy, waiting for man to realize his deepest need: There is God.

Why labor alone? The Church can help you, and those you love, to make life spiritually productive . . . to find peace and hope and happiness. The Church can help you gear your life to the greatest Power in the world.

**THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the Church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to Church on Sunday.
