ONLY \$4.95

Jas. S. Cline

I was born and raised on a Cleveland County farm. My people have lived in this county for four generations and no one of my immediate family has ever held a public office.

I have been actively engaged in the practice of law since graduating from Wake Forest College in 1912, with the exception of the time spent in the Army, and believe I can give the people of Cleveland County a Recorder's Court that will justify their confidence in me. It will always be my aim to conduct every trial in such a manner that every citizen will know the defendant has had a fair and impartial hearing, and at the same time realize that the interest which every citizen of the county has in every trial has not been abused.
