

# W, Remodeled WAFFLE SHOP

NEW SEATING AT THE WAFFLE SHOP—shown above is a view of the new seating at the Waffle Shop, each of which will comfortably seat four people. Seating capacity of the remodeled establishment is 50. At right rear can be seen the new Seeburg Symphonola, a 1946 model record-player.

### —SPECIAL FOR OPENING—

As our "official opening" special, we feature the new Waffle Shop chocolate pie, made on our brand new pie-mixing machine.

We are sorry to say that the present lack of sugar will prevent our serving these delicious chocolate pies at all times, but we've been saving up for our official opening.

In the future, when sugar is back in quantity, you'll want to make our pies a regular treat.

Members of the Waffle Shop have personnel who will be Miss Silve, Miss Jean Queen, Mrs. James Hamrick, Wil. Mayhew and James Hamrick, proprietors.
