Dr. M. D. Whitaker, Rutherford county native and president of Lehigh university at Bethlehem, Pa., will deliver the principal address on the program which begins at 8 p.m. A nationally known scientist and collaborator in the atomic bomb developments at Oak Ridge, Tenn., Dr. Whitaker's address to the alumni will concern atomic energy and the bomb experiments in part.

Mrs. H. H. Gold of Shelby, route 4 secretary of the alumni association, was directed at Tuesday night's meeting to receive reservations for the banquet. She is making an appeal to members of the alumni to make reservations not later than May 20 in order that food for the exact number of plates to be served can be obtained without the probability of waste.

Mrs. Grady Lovelace, alumni president, and Mrs. B. M. Jarrett, along with Mrs. Gold, are in charge of preparations for the dinner and program. Plates are \$1.25 and no further notice will be sent members this year.
