

Kings Mountain Vets Drop Opener To Carlton

The Kings Mountain Vets of the Tri-County league dropped their opening game to a strong Carlton mills team of Cherryville in Kings Mountain Wednesday afternoon by a score of 5 to 2.

With approximately 600 fans witnessing the contest the batters of both teams had a good day, each team getting 11 hits, with the Carlton batters hitting better in the clinches to bring five runners across the plate.

Both pitchers Don Parker for the Vets and S. Lee for the Carlton club, went the route and each had nine strikeouts to his credit.

John Gold, Vet third sacker, hit a homer over the left field wall in the sixth with none on. Kings Mountain's other tally came in the eighth on a single over second by pitcher-batter Bovee Stone after Coman Falls had walked and was advanced

by Bob Wells' line single to left field.

Huffstetler singled in Carlton's initial run in the first after lead-off batter Quinn walked and the visitors stayed in the lead all the way scoring single runs in the 3rd, 6th, 8th, and 9th frames.

Leading hitters for the Vets were Parker with 2 doubles and a single in four tries, Wells, with three singles in four trips and Falls with two for three.

Hinkle had a good day for Cherry with a double and two singles followed by Quinn, Beal and Huffstetler with two for four.

Butteries: Seism and Beal; Parker and Wells.

Umpires: Layton and Ruth.

High School Poets Recount State Party

Joyce Falls, Jacqueline Falls, and Jack Prince represented the Kings Mountain high school in the Western Conference Forensic tournament held in Newton last Tuesday.

Jacqueline Falls, reciting "Renaissance" by Edna St. Vincent Millay, won second place in the final poetry reading contest which was held in the evening in the Newton-Conover high school auditorium.

Joyce Falls, reading "The Cat Came Back" by Leota Hulse Black, and Jack Prince, declaiming "The Future of the South" by James A. Farley, were runners-up in their respective divisions.

Each of these contestants had won the privilege of representing the Kings Mountain high school because of their winning first place in local contests.

He urged all to put their problems against world-shaking problems, adding that the comparison would show the problems small, and, in his final point, stressed the importance of individual responsibility for world affairs.

"We must relate our lives to the sum total of life. Too many of us think we can have no part in making the world safe for democracy. Democracy, though, is only the sum total of the attitudes, the living of all people. Democracy is what you are and what I am."

"As the American Friends committee says, it is better to light a candle than to cause the darkness," he concluded.

All ladies present received a pair of nylon hose as favors, and a delicious dinner, including fruit cocktail, celery, pickles and olives, half fried chicken, rice and gravy, green peas, candied yams, ice tea, hot rolls and

THIS handy wax came that were drafted to carry war supplies are marching back again to store shelves—which is good reason to wax eloquent!

Because of the demand for tin and steel to carry food, weapons, drugs and medicines to battle fronts, a large percentage of the wax for civilian use had to be packaged in substitute containers. And thousands of the wax cans themselves went to war carrying "impregnate", a substance soldiers rubbed on their clothing to protect it from burning gases.

The wax manufacturers are returning to unbreakable, easy-to-store cans as fast as they can, and they're available now in time to help you preserve all the sparkle of your spring-spruced house. Here is a check list of ways to use the cans of wax:

FLOORS:—If the floor has never been waxed, wash thoroughly with soap and water, rinse, allow to dry. Apply thin, even coat of wax with soft, clean cloth. Allow wax to dry 30 minutes.

To care for a waxed floor, dust with a dry mop, wash off spots with a slightly damp cloth and coat traffic areas with wax from time to time before the original film has worn through. With such care it will only be necessary to wax the entire floor three or four times a year.

FURNITURE:—Wash furniture with mild soap and lukewarm water, rinse and dry thoroughly. Apply a thin coat of liquid or paste wax with soft cloth, wrung out of cold water. Let it dry slightly and polish with soft dry cloth.

WOODWORK:—Follow same directions as given for furniture. A wax surface brings out the luster of a painted or varnished surface and makes it resistant to liquid stains.

And now while you have the wax can out, let the illustrations above guide you to more places where wax will do a brightening and work-saving job for you!

1. Sandpaper rough edges of bureau drawers and apply a wax film to prevent snagging of delicate fabrics (makes drawer drawers open and close more easily, too).
2. Put a coat of wax on window sills, the painted trim in children's rooms—all surfaces that receive lots of wear.
3. A coat of wax on Venetian blinds will preserve the finish and make them easy to clean with a damp cloth.
4. A colorless wallpaper wax will preserve a glazed wallpaper that is subjected to much wear or moisture—as in kitchen or bathroom.
