Dress Like Soldiers

ATLANTA, Ga. — The American Army belongs to the American people and the people are entitled to know whether or not a man wearing a uniform is a soldier or a private citizen wearing parts of a uniform he has obtained from sources other than the Army, Lt. General O. W. Griswold, Commanding General, Seventh Army, said today.

In commenting on the uniform situation, General Griswold said: "It is a compliment to American industrial mobilization for so much Army equipment and clothing to be used for work and sports use, but it is confusing to the public. I have instructed my Commanders to enforce uniform regulations so that the public will not confuse soldiers with other persons wearing parts of uniforms."

Uniform regulations issued to all military units in the Third Army Area prohibit the wearing of incomplete uniforms, mixed summer and winter clothing and dirty or disheveled uniforms. The Third Army Area comprises the states of Georgia, Florida, Alabama, Mississippi, Tennessee, North Carolina and South Carolina. Known as The Third Army Area, this section is garrisoned by the Seventh Army.

"The Southeastern States are rich in military tradition. I want Seventh Army soldiers to live up to those traditions," General Griswold said.

Ammonium dynamite, gelatin, and other such explosives should not be used for ditch blasting operations. Only nitro glycerin dynamite is best for ditching jobs, says Howard Ellis, of State College.

PATTERSON GROVE NEWS

(By Mrs. Thurman Seism)

Sunday school will be at 10:00 o'clock Sunday.

To those of you who haven't been to church lately, just let me say you are missing a great blessing. And, too, you haven't seen the nice things that are happening to your church, and the Lord's house. A new paint job has been done on the inside. Drapes and blinds at the down stairs windows. The beginners' room is simply lovely. The curtains and table center were designed and painted by Mrs. Eugene Patterson. You will have to see it in order to appreciate it. The floor upstairs have been sanded and waxed. Pretty? You said it. There is still more to do. But the committee is really on the job. Don't let anyone, or anything, keep you from church next Sunday.

Mr. and Mrs. Raymond Seism and family had as their Sunday dinner guests, Mr. and Mrs. D. P. Wright, Mr. and Mrs. Travis Wright and children.

Mr. and Mrs. Earl Seism had as their Sunday dinner guests Mr. and Mrs. Earl Seism and son, Purvis.

Army Women Won't Affect
Milady's Clothes Supply

ATLANTA, Ga. — The order permitting women personnel of the Army to wear civilian clothing when off duty will have little or no effect on the supply of clothing for milady in the seven southeastern states.

This was pointed out today by Headquarters, Seventh Army, in a statement that in the entire Third Army Area there are only approximately 1,500 officers and enlisted women in both the Army Nurse Corps and the Women's Army Corps.

It is estimated that by October 1 the women's strength in the Army, covering the entire United States, be only about 15,000 and before the order was issued, the Civilian Production Administration had stated that there was no objection to permitting the off-duty wearing of civilian clothing by service women.

Uncle Sam Says

Any number of my young nephews today dream of being the ball out of the park in a World Series. A big league baseball career is a fine future for any American boy, but so is a career as a lawyer, a doctor, an engineer or some other profession. The big leaguers among dads know that it costs money to give their sons the opportunity for a great career. By investing every penny in United States Savings Bonds, any dad can give his son a great start in life. For Savings Bonds are the best investment there is. Buy an extra Savings Bond today.
