

**Sentenced To Jail For Long Term**

Howard Moore, of Blacksburg, S. C., charged with abandonment and non-support by his wife, was found guilty and sentenced to twenty four months on the read in action taken at city recorder's court held at City Hall here last Monday.

Moore was committed to jail in the judgment, failing to take the suspended sentence to pay the costs and to post a \$500 bond as guarantee that he would go to work and pay \$25-a-week for support of his wife and child.

Hercule Tidwell, Bessemer City negro, was given a six months sentence suspended to pay \$75 and costs, for transporting six gallons of non-tax paid liquor. The court ordered the whiskey destroyed and the car was released to Mrs. Tidwell.

**Firemen In Record Day Of Activities**

Kings Mountain Fire Department, answering four calls last Saturday, set a new record for number of calls answered in any one day, the old record of three calls having been set three times, latest about three years ago, according to Fire Chief Grady King.

Topping the list was two calls to the home of Mrs. Blythe Hammett on Church street, one at 4:15 and again at 5:30, where an oil stove was left burning when Mrs. Hammett left town and neighbors discovered the fire after it had burned through the wall. At 5:30 the firemen were called back to extinguish some shingles that had caught ablaze. Estimated damage to the house was about two hundred dollars.

At 2 o'clock firemen answered a call to the old Mason house on Battleground avenue where a kerosene burning hot water heater blew up, only damage resulting to the heater.

First call of the day was at 8:30 a. m. to the back lot uptown to put out a blaze in an automobile. There was little damage to the car, owner unknown.

**Air Mail Volume Reported Higher**

Air mail volume at the Kings Mountain post office has reached a new high during National Air Mail Week.

Mr. Blakely's report came as postal employees' groups undertook a city-wide promotion of the campaign.

The five-cent air mail rate was approved by Congress upon the Post Office Department's request. The Department contended that commerce would be fostered by making available rapid air mail service at reduced cost and a wider use of air mail would reduce the unit cost of delivery.

Carriers, clerks and other employees at the post office have joined in an active educational campaign.
