Find Officer on Desk

Job Most Apt to Break
LONDON.—The army officer who sits at a desk is far more likely to break down mentally than the officer in the foxhole, four British army psychiatrists reported in the Lancet, British medical weekly. Of 150 British officers discharged or sent home from India for psychiatric disability, 120 were base officers and only 30 came from forward areas, the specialists said, adding: "The infantry officer may at times be exposed to strain of a kind and intensity never experienced by his colleague at base headquarters, but this is for limited periods in between which he is probably physically healthier and (which is more important) more satisfied."

Veteran, 20, Wins Right

To Carry a Revolver
BOSTON.—After a long investigation of the law by veterans' organizations, Henry J. Donigan, 20, marine corps veteran of Guadalcanal, Guam, Peleiu and Saipan, finally has received a permit to carry a revolver. Police previously refused Donigan, a former marine marksman and armored car guard, a gun per-

mit. But veterans' groups uncovered a law that provided for permits to persons at least 18 years of age who are employed as bank or institutional guards.

Try Air Vests as Help

In Infantile Paralysis
MINNEAPOLIS.—War-developed pneumatic pressure vests fliers wore at high altitudes are being experimentally used at University of Minnesota hospital as a possible treatment for the bulbar type of infantile paralysis.

Dr. George Holt, physician at the college's polio clinic, said the vests have not been used enough to test their full effectiveness, adding however, that they "might play an important part in the bulbar cases, which cannot be treated in iron lungs." The vests, developed by John D. Akerman, head of the aeronautical engineering division at the university, consist of double layers of neoprene-treated nylon. Placed over a patient's chest, air is pumped in and out by a pulsator at a normal breathing rate of about 20 times a minute.

Slayer's Dying Wish Is Fulfilled; Crime Lesson

DORA, ALA.—Before he died in the electric chair recently, William Edgar Alston said he wanted a big funeral to show the people "what a life of crime leads to." Alston killed his second wife in 1945 while on parole from a life sentence for a former slaying. His twin brother, Julian, is serving a life term as a murderer. A letter Alston prepared to be read at his funeral said: "As you look down on me, you can see what whisky will do."

Approximately 20,000 veterans are studying agriculture in the nation's schools and colleges.

FAMOUS 'ENGINEER', fast stepping Casey Jones, of the Dixie League Champs, Coach Gene McEver's Charlotte Clippers, who will appear at the Charlotte Memorial Stadium Sunday Dec. 1 against the Newport News Builders in a game that was postponed from Nov. 17 because of rain. Casey tallied four touchdowns in the Clippers' 13-0 victory over the Builders last Sunday.

For the Norfolk Shamrocks last Sunday. The Builders game is the last scheduled league home game for the Champs.

Clips Expected To Be In Memphis Bowl

Charlotte.—The Charlotte Clippers wearing a bright and shiny Dixie Pro Football League crown as a result of their king-sized 41-7 clincher over the Norfolk Shamrocks, will play twice this week, once at Winston-

Woodward & Son

Salem against Greensboro in a Thanks giving Day exhibition, and the other on their home field against Newport News Sunday afternoon.

The game with Greensboro is sort of a trial balloon to test Winston-Salem's receptiveness to the plans for shifting the Greensboro franchise to the Twin City next season. The league game in Charlotte, with the champs in their own backyard, is the playoff of a game postponed from Nov. 17 because of rain. Tickets sold for that game will be honored Sunday in Charlotte.

Brightest gem in the Clipper crown this week after the landslide victory over Norfolk is Casey Jones, the tail back from Tennessee who was inherited by the Clippers from the Detroit Lions. Although he has sparkled all season, he broke out all his glitter Sunday to score four touchdowns against the Shamrocks, two on flat passes, one on a forward pass and other on a 72-yard punt return.

His cohort in that offensive display was Butch Butler, the league's top thrower who completed seven of ten Norfolk defense than you can find in a pincushion.

After the game with Newport News Sunday, the Clips will have three more irons in the fire, for the Richmond Rebels still aren't satisfied and want a return exhibition game in Charlotte on or about Dec. 8. In addition, the Clips have been invited to play in the Memphis bowl and also to face the winner of the American Football League title, probably in Jersey City, N. J. cause of rain.

Rhubarb Leaves
Although the stems or stalks of the rhubarb plant have long been used for springtime sauce and pie, the leaves are poisonous because they contain so much oxalic acid in soluble form. Rhubarb leaves may be put to use to brighten dark aluminum pans, however. Boil leaves and water in the discolored pan or kettle a few minutes. Then wash the pan thoroughly with soap and water.

Woman Wades in and Goes Over Niagara Falls

NIAGARA FALLS, N. Y.—A woman tentatively identified by state park police as Julia Fink, 56, of Buffalo, N. Y., was carried to her death over the 165-foot American falls. Sgt. Charles Poole said witnesses reported the woman waded into the rapids about 500 yards above the cataract. Her body was recovered a few minutes later at the Canadian Maid of the Mist landing across the gorge from the falls.

A coat and a purse containing an automobile driver's license made out to Julia Fink, and a wrist watch were found on the Niagara river bank, said Poole.

Soft Hands
Keep your hands soft at all times with the use of hand lotion. Use it on your elbows, too. Once a week sleep with cotton gloves on, after saturating your hands with cream or lotion
