

AIRFOIL LOG

By Archie Costner

Before we get our list of pilots I would like to bring to your attention two new private pilots. Howard Proc received his private license on Friday 13th. He started training with Martin Flying Service in Gascola, under the GL Bill, last Oct., 1944, soloed 21st Oct., received pilot license 13th Dec., and on Saturday, 14th, he took a cross-country flight to Washington, D. C.

Harold E. Hunnicutt passed his private pilot check Sunday afternoon Harold soloed 20th Dec. 1938, but didn't fly during the emergency. He owns his own plane, a Cessna - 140. Our congratulations to you both.

Now, how many pilots do you say we have in Kings Mountain. According to my count there is about 35. I probably missed some but this is the most active ones.

Compete for 4-H Sectional Honors

Billy Benfield Joyce Auten Francis Pressly

NORTH CAROLINA'S top ranking participant in each of the 1944 National 4-H Dairy Production, Farm Safety, Garden and Soil Conservation activities has been selected to compete for a sectional award which is a trip to the 25th Anniversary National 4-H Club Congress in Chicago. Those winning sectional honors will relinquish their state award to the next highest rating member. The state's representatives and brief outlines of their 4-H records are as follows:

Billy Benfield, 18, of Mooresville, was named a state winner and will compete for a sectional award in the Firestone 4-H Soil Conservation Activity. During seven years as a 4-H'er, Billy made a study of soil types on his home farm, and proposed strip cropping on the contour. Terraces and a good crop rotation have been put into effect. The use of fertilizer, and cultivating methods recommended by the local soil conservation service have increased yields and farm income. Billy serves his club as president and junior leader.

Joyce Auten, 14, of Charlotte, was named a state winner and is competing for a sectional award in the 4-H Farm Safety Activity because of her exceptionally outstanding safety work.

Joyce's work includes putting a rail on a narrow back porch, placing poisons in a children's reach, and rubber mat in tub; filling holes in yard, and placing "No Smoking" signs in and around barns. Joyce has been junior leader of her club for three years. Seven state co-winners who also receive a \$25.00 U. S. Savings Bond provided by General Motors.
