 Special Candle Light Service at 11:00 P. M.

Here in the United States, we have ruined more good land in less time than any other nation in history.

In spite of the exceptionally high rate of farm transfers during the war years, there has been a relatively high proportion of all-cash sales, agricultural economists say.

This year's corn crop is not only the largest on record, but the average of quality was also unusually high in almost every part of the country.

Before the year ends, place your order for chicks from pullorum-clean hatcheries.

Prof. Roy Dearstyne of State College says that housing for chickens should not be crowded. It depresses them, he says, and egg production falls off.

Win No. Carolina 4-H State Honors

NORTH CAROLINA'S 4-H state winners in the 1946 Field Crops, Food Preparation, Poultry and Dress Revue award programs who will each receive a trip to the 25th Anniversary National 4-H Club Congress in Chicago, and brief outlines of their records follow:

Lindbergh Bunn, 17, of Spring Hope, won highest rating in the state 4-H Field Crops Activity, in which International Harvester provides the awards. During eight years of club work, Lindbergh produced twelve acres of corn, four of tobacco, two of potatoes, and two of soybeans. He has proved to the community that he could increase the average yield in corn from the usual 20 bushels to 85 bushels per acre by using heavier fertilization, thicker planting, approved cultivation and hybrid corn. He increased his potato yield to 55 bushels by better spacing, and tobacco to 1,300 pounds by spraying small plants for blue mold before they were set out, and ridge planting. Lindbergh has given 19 talks to various groups and demonstrated individually and as a member of a team before audiences totaling 1,400 people.

Lindbergh Bunn Mildred Hendrix

Dorothy Lawrence Sarah Lewis

Mildred Hendrix, 16, of Murphy, receives her trip award, provided by Serval, Inc., for having the best 1946 4-H Food Preparation achievement record in the state. During six years in club work, Mildred planned, prepared and served 2,496 balanced meals, including 11,989 dishes and bakings. She completed 56 projects, 19 of which were in food preparation. Mildred raised 12 dairy animals with 1,891. She has served her club as junior leader for six years, and won many awards on her exhibits, including \$107.00 in prize money.

Dorothy E. Lawrence, 15, of Bure, receives the Chicago trip award provided by the American Viscose Corp. for making and modeling the top rating outfit in the State 1946 4-H Dress Revue. Her winning outfit is a blue crease-resistant rayon gabardine dress, which buttons down the front. The buttons are the same material as the dress. The long

All of these activities were conducted under the direction of the Extension Service of the State Agricultural College and USDA co-operating.

sleeves are gathered at the cuff, and a convertible collar can be worn either open or closed. Dorothy made a clear plastic raincoat with full raglan sleeves to wear over her dress-up clothes. She also made a hat from an old discarded felt, and a pocketbook from the frame of an old bag of her mother's. Total cost of her outfit was \$25.00.

Sarah Lewis, 17, of Union Mills, wins the Chicago trip award provided by Swift & Co. for her record in the National 4-H Poultry Achievement Activity. During six years in club work, Sarah raised 2,450 fowl. She won \$25.00 in cash prizes on exhibits, which brought her estimated income from all 4-H projects to \$6,203.53. Four state co-winners who each received a \$25.00 U. S. Savings Bond are: Stella Mann, Pittsboro; Leta Harrison, Old Trap; Landis Price, Monroe and Peggy Howser, Greensboro.
