HERO VALLEY NEWS
By E. E. Bell

Mr. and Mrs. Frank Cable from Burlington spent Christmas with Mrs. Cable's father and mother, Mr. and Mrs. E. N. Parrish.

Doris Crenshaw spent Christmas with her grandfather, E. N. Parrish.

Lloyd Self and wife from Cherryville spent Christmas with Grandpa Bell.

Rev. A. E. Bell, wife and Mrs. Julia St. Clair and Mrs. Madge called to see your reporter from Rock Hill.

John West gave me a nice piece of money for Christmas. A lady sent me five dollars. She reads the Herald. Our good editor mailed me a nice check and I got so many other presents I can't all their names but I will mention a few.

1947 be the best year of your lives. Oh well, when city taxi drivers start fighting its time to back up and take off. I like to see a good clean fight—say a chicken fight hard to beat—if you don't get spurred. When we fight someone got to pay the fiddler.

Today is tomorrow we dreamed about last night. The way to make a dream come true get up and try your luck. A faint heart never won a fair lady.

Listen, this forthcoming Congress is going to be one of the fightingest one we have ever had. The Republicans have one kind of philosophy about government and the Democrats another. All for the money, so the smartest smart fool that's able to fool the most people will get the jackpot in

1948. Of all the Presidents, Andrew Jackson owned the most and the best race horses and was the best bettor on his colors. Altho Washington was among the Presidents who fancied racing and owned five horses. Andrew's horses were among the nation's best it is claimed.

How can you keep a dog from going mad in August. Shoot him in July. So many folks have come to me after getting in jail asking me why I put their names in the paper. I don't care who gets in jail. I never have put any one's name in the paper for a drunk fine.

The passing of D. J. Keeter was sad to me. I have known this good man many years. I moved to Grover in 1911. Mr. Keeter helped me out. He and I have been long time friends. Just another good man gone to his reward. We shall miss Mr. Keeter. Gone but not forgotten.

Two hearts filled with love divine,
Two hearts throbbing in the night
The light in your eyes darling,
Dims the stars above.
The night is heavenly and I've
Got you in my arms darling.

PATTERSON GROVE NEWS AND COMMENTS

By Mrs. Thurman Seism

With the Christmas season behind us and a bright New Year before each of us I'm sure we all have made plans to welcome the Happy New Year. To each his own in his own way. With all the lovely things and pleasure you will enjoy, don't forget to be serious minded. And let your thoughts be of others. If you are making resolutions, make them in all seriousness and keep them.

We must take our religion more seriously this year than ever before; that is, we must seek to be and do our best as individual Christians, and share much more liberally in the program of winning the world to Christ. There has been much sentiment and beauty in the Story of Jesus but not enough serious concern about accepting and carrying out Jesus' program in the world. As someone has said, too often we claim to accept Jesus but reject His teaching. It is the acceptance and practice of His teaching which will transform individuals into beautiful characters all the year round and will save our world from war and destruction. If only a small percentage of the thought and energy could be used earnestly in the program for world brotherhood and peace and good will to all men every where, our dreams for a better world could be realized in one generation. Then we shall not only be at our finest and best as individuals, but we shall also give our lives to the greatest and most important cause in the world. Let's strive harder than ever before to make our world Christ-like. Let others see Jesus in you.
