

State Symphony Is Colorful Group

The North Carolina Symphony Orchestra, which will play two concerts here March 31, has some colorful and interesting personalities. Some of them are May Jo Perky, Herbert Sebren, Mildred Hine, Mr. and Mrs. A. G. Luboff and Clyde Spencer, of Asheville; William Moore of Lenoir; Samuel Citron, William Green, Mrs. Henry J. Teeter, Mrs. Sam Edwards, Robert Clark, and "Reb" Rummel, representing Charlotte; Charles Medlin, High Point; Richard Plaster, Winston-Salem; Betty Blackford, Greensboro; Fred B. McCall and Charles Henderson, Chapel Hill; and Rachel Rosenberger, Margaret Spiro and Christian Kutschinski, of Raleigh.

Mrs. Perky, Mrs. Teeter, and Miss Spiro are among the most versatile members of the Orchestra, being equally proficient on several instruments. Mildred Hine and Betty Blackford are highly capable secretaries in addition to being experienced brass players.

Mr. and Mrs. Luboff, violinist and double bassist, respectively, represent a man and wife team. Mr. Luboff, of High Point, has signed a contract with the Indianapolis Symphony Orchestra for this season. William Moore, violinist, becomes a member of the National Symphony Orchestra. During his student days at Lenoir-High School, he was known for his ability as a hornist. "Reb" Rummel, hornist, was an Army Captain in the Pacific War Theatre. J. C. Mason Emde, trombonist, is a preacher. Richard Plaster is a talented bassoonist, who has been with the State Symphony since his high school days.

Fred McCall, percussionist, and Charles Henderson, bassoonist, represent the Chapel Hill contingent, teaching law and Latin, respectively; while Rachel Rosenberger, violinist, and Christian Kutschinski, violist, represent the faculties of Meredith College and N. C. State. Thus the diversified personnel of the North Carolina Symphony comes from the ranks of professional musicians, teachers, preachers, housewives, secretaries, business men, and business women.

Patterson Grove News and Comments

By Mrs. Thurman Scism

The hands of Jesus were busy hands, because they had known common toil. Many of the blessings of Jesus came through the touch of His hands. During His life His hands were used to bless, to encourage and to heal. At the end of His life the cruel spikes were driven through His hands. What about our hands? Are they clean? Has our fellowship with the Lord been broken because we do not have clean hands? What do we have in our hands? Can God manifest His power through what we are now holding? Are our hands used to get or give? The test of life for the Christian is not how much service he receives from others but how much service he renders to others. Jesus himself said that is more blessed to give than to receive.

Do we lift them up or do we wish them down? Is there genuine love and sympathy behind the touch of our hands. Let's lift up our hearts in extra praise to God during this Week of Prayer. Keep your hands busy doing good and giving for mankind.

The Family with 2,000,000 Good Neighbors

If a "good neighbor" is one who's always ready to help when you're in trouble...

If a "good neighbor" lends you a hand cheerfully, unstintingly—without first asking your politics or your race or your creed...

Then your family has 2,000,000 good neighbors—the devoted, volunteer workers of the American Red Cross, backed up by its paid staff.

These men and women are enrolled in Nurse's Aide Corps, Motor Corps, Canteen Corps, Hospital and Recreation Corps, Home Service Corps, —and many another efficient Red Cross service unit.

They are ready to help when needed—should disaster strike your community—should flood or fire, earthquake or hurricane occur—should personal or financial problems overwhelm the serviceman or veteran.

Those are the kind of good neighbors these Red Cross workers are. Once a year they call on you for help. You'll give to the Red Cross, won't you? Give now. Give all you can.

GIVE—so your RED CROSS can carry on!
