ROOFING — Yes, we have some. Better act now. There's nothing like "Barrett's Everlox Shingle" to protect your home against wind and rain storms. It's good for new buildings and good for re-roofing old buildings. You can save an awful lot on your re-roofing jobs because you don't have to buy expensive slats to level old roof up. Here is something I bet you did not know: we've put this "Everlox Shingle" on over tin roofing, and it has proven O-K. It stays put. PUTNAM ROOFING CO. Phone 172-J. o-3-10pd
