After an enjoyable period of Bride's Dice and Bingo, the hostesses served a delectable salad course with pleasing accessories and coffee.

(Cont'd from page four)
After completion of the railroad, he and his brother were for many years identified with almost every business enterprise in the new and growing town. He was among the organizer's of the town's first cotton mill, Kings Mountain Manufacturing Company (still known colloquially as the "Old Mill"), and he was interested later in the organization and building of the Bonnie, Dilling, Mauney and Sadie mills.

A prominent churchman, he, with his wife, were charter members of St. Matthew's Lutheran church, and he was for many years a member of the Board of Trustees of Lenoir-Rhyne college, which he supported liberally and enthusiastically.

Mrs. Mauney (1850-1930), who came to be known as the "best known and most loved woman of Kings Mountain," grew up during the Civil War and Reconstruction period. She took and active interest, first, in her church, and then in the movements which have led to civic and social betterment.
