

1947 Was Good Year for Swine Breeding

The North Carolina Swine Breeders' Association conducted 16 purebred hog sales during 1947 and sold 365 hogs for \$36,257, according to Jack Kelley, Extension Swine specialist at State College.

Mr. Kelley stated that this was an increase over the 1946 sales when 136 hogs were sold for \$13,174.

The highest average received for purebred hogs during 1947 was obtained by breeders from Forsyth County when they consigned 11 hogs to the national sale at Centerville, Ind., the specialist said. These hogs sold for \$2,372, or an average of \$215.63 per head.

Plans for next year's sales have already been made, Mr. Kelley said, and the list of sales include the following: Berkshire Sale, Southern States Fair Ground at Charlotte, January 29; Duroc Sale, Worsley's Livestock Market at Rocky Mount, February 16; All Breed Sale, Benhall's Livestock Market, Rich Square, February 25; and All Breed Sale, Sawyer's Livestock Market, Elizabeth City, February 26.

Not only is the Association planning these sales, Mr. Kelley said, but

they have set up the following four point program to be carried out this year: improve purebred hogs by production testing; use pasture to prevent worms and diseases; consign only outstanding hogs to purebred sales; and, take part in county and district fat barrow shows.

Rehabilitation aid of the Red Cross includes not only extended medical nursing care and rebuilding and repair of homes, the organization also provides needed household furnishings, livestock, tools, and equipment for farmers and craftsmen, and reestablishes small businesses or other gainful occupations for families who have no resources to meet disaster-caused needs.

—THE HERALD—\$2.00 PER YEAR—

ASSISTANT MANAGER — Fred A. Dixon, above, is assistant manager of Reynolds Motors, which is holding its formal opening as Kings Mountain Dodge-Plymouth agency Saturday. The firm occupies a new brick building on East King street.

Darst explained, and their popularity has led to the possibility of misbranding and misrepresentation."

He explained that the inbred lines involved in the production of these lines, as well as Tennessee 14 and 15 and Dixie 44, have not been released for commercial production by the southern experiment stations. "When the first crosses involving inbred lines for these hybrids are released to seed growers by the Foundation Seed Producers Association," Darst said, "it will be with the agreement that the seed crops shall be certified. Such seed are usually sold in sealed containers and always bear a state certification tag. "If a bag of Tennessee 10 or Dixie 17 hybrid seed corn does not carry a state certification tag, it should be assumed that the seed could not be certified because of improper detasseling or handling, or because the seed so labeled is not as represented. "It would therefore seem quite obvious that any of these hybrids sold as such without certification tags and the seal of a state certifying agency would be misbranded."

Farmers Warned About Misbranded Corn

RALEIGH.—W. H. Darst, director of the State Department of Agriculture seed laboratory, has warned farmers to guard against misbranded or misrepresented hybrid seed corn. "The Tennessee 10 and Dixie 17 corn hybrids have given excellent results over a large area of the south,"

Families aided toward permanent rehabilitation by the Red Cross were those without other resources for regaining normal living status. Many additional millions of dollars were expended toward recovery by other individuals, towns, counties, states, industries, and business firms also affected by the 1947 catastrophes.

Meat production under Federal inspection for the week ended December 13, totaled 413 million pounds.

Lenten Season Starts Wednesday

Ash Wednesday, the first day of Lent, is February 11. The Lenten period has long been observed by the church as a time of special season of repentance and meditation on the passion and sufferings of our Saviour Jesus Christ. It is a period of forty days of concentration of the special atoning word of Christ as our Redeemer, and the effects of His death on the cross for sinful men.

The Lenten Season will be observed in the St. Matthew's Lutheran church, beginning Wednesday evening, February 11 at 7:30 p. m., with a special Communion Services. Services will be held regularly each Sunday morning, Sunday evenings and Wednesday evenings during the Holy Season. Morning prayer will be held each Wednesday at 8:30 a. m.

The Lenten Season culminates with Holy Week, during which time services will be held each evening at 7:30 p. m., Monday through Thursday. On Friday, Good Friday, March 26, the special three hour service commemorating the death of Jesus on the Cross will be held from 12:00 noon to 3:00 p. m.

The Easter Service, observing the Glorious Resurrection will be a fitting climax to the whole season. The public is cordially invited to worship at all these services.
