Eight Inducted Into NHS At Central Hi
On Wednesday of last week, eight high school students were inducted into the National Honor Society in an impressive ceremony in which old members and officers of the NHS and J. E. Huneveutt, principal of the school, participated. The new members, all in the Junior class, are Barbara Matthews, Peggy Jackson, Pauline Mauney, Peggy Mauney, Billy Gene Amos, Charles Blanton, Herman Mauney and Jack Ruth.

Parents of the inductees were invited guests for the ceremony. Membership in the National Honor Society is quite an achievement since eligibility is based on the individual student's record of scholarship, leadership, character and service. The induction ceremony, characterized by beauty, dignity and the pride of accomplishment, is made more impressive by the white attire of the participants and the lighting of candles.

Hint To Farm Homemakers

A large market basket provides a handy container in which to keep cleaning supplies. Soap powder, polishes, cleaning cloths, small brushes and other articles are conveniently stored in one place.

To keep tools and nails from rolling off the top of a stepladder, simply nail a strip of inner tube around it in such a manner that it will form a shallow tray.

It is always a shock to look at the calendar and realize that some friend's birthday or anniversary has just passed and you have neglected to send a gift or a card.

Here then is the solution: Before tacking up a new calendar at the first of each year, go through and encircle in red the dates for all the special birthdays and anniversaries. Then as the days and weeks and months pass, the red circles will serve as reminders and no friends will have been forgotten.

For semi-annual freshening up, feather pillows should be aired on a cloudy, windy day rather than allowed to hang in the sun. The sun draws the natural oil out of the feathers and destroys their resiliency.

The bottom of the scouring powder can will not leave rust marks on bathroom fixtures if it is dipped in hot paraffin.

A yearly weeding out of worn-out kitchen utensils, and other odds and ends, will get rid of dust collectors, save extra work and valuable
