

Labor Statesmanship

One branch of America's organized labor, the Congress of Industrial Organizations, has made a move that puts it in the same class with great statesmen. You might not expect these large groups, organized for wage bargaining with industry, to enter the field of international relations. Yet the CIO, meeting recently in its yearly convention, did much to strengthen the hand of our government for the growing struggle in Europe.

When Phil Murray raged forth against the Communists who had managed to get in under the CIO banner, he was not simply delivering a private opinion. Mr. Murray, himself a stalwart statesman within labor's councils, knew he was speaking with labor's whole voice. His strong condemnation of Communist infiltration in American labor brought cheers and arms from almost all the nation's wage earners.

Against the Enemy

Said Mr. Murray: "I'm not going to protect small cliques of men whose interests are promoted and propagated by the Daily Worker and the Communist party." As if in answer, the CIO gave its leaders the power to clean out those few leftists who give "slavish adherence" to Communist dictates.

For years, Communist Russia has worked for undercover power in all countries. Also, it has been the Russian policy to stir up trouble between labor and management, wherever and whenever this could be done. Along with this, the drums of propaganda pound out the command to "revolt." There are aroused strong class feelings and hates that cloud up the issues. Nobody, then, is able to think things out around the conference table. Organized labor is dead, whenever Communism gets hold.

Not Russia's Tool

The CIO has delivered an ultimatum to Russia. The CIO has let it be known that America is doing all right without any "dictatorship of the proletariat." It has served notice that American labor will not permit itself to be used as a tool to accomplish Russian conquest of the world. It has said to the Communist party: You can't camp here while waiting for the revolution and turmoil that you hope will give you a chance to take over!

My thanks to Mr. Murray and the CIO convention! All of us know that Communism can bring nothing but ill to this troubled world, that so much needs peace. We know that our own American way is already delivering the goods to an extent that puts to shame all the Communistic promises, false as they are. When you think of it, it is amazing that any American would be a part in any scheme or plot to force upon us a way of life that adds up to nothing but slavery.

No Fooling Labor

I have confidence that the American people will not be fooled by anything the Communist propaganda mill can turn out. When we recognize the fruits of American enterprise that we enjoy, amidst all the freedoms and liberties that are ours daily, a man would seem like an utter fool to think of changing our system for something else. I am thankful that our labor unions are awake to their responsibilities along these lines. They must keep eternal watch!

Crockett Serves On USS Valley Forge

Robert N. Crockett, fireman apprentice, USN, son of Mrs. Sarah Crockett of Kings Mountain, N. C., recently participated in "Operation Moving Van" as a crew member aboard the aircraft carrier USS Valley Forge.

The flight and hangar decks of the large carrier were used to transport the Staff Headquarters men, equipment and office files, of the Commander, Air Force, Pacific Fleet, and two other units from Pearl Harbor, T. H., to San Diego, Calif.

"Operation Moving Van" was unique in that Vice Admiral H. B. Sarrada and his staff continued to carry out command functions and operations during the move by setting up temporary offices in every available nook of the ship.

This shifting of units is part of the Navy's current efforts to cut down operating expenses throughout the fleet.

A man handy with tools can build most of the equipment needed to make use of the new method of drying seed with chemically dried air. The chemical most practical to use, says the U. S. Department of Agriculture, is calcium chloride, which sells at three to four cents a pound.
